

Newborns' & Mothers' Health Protection Act

- ❖ Under the Newborns' Act, the plan may not restrict benefits for a hospital stay in connection with childbirth to less than 48 hours (96 hours in the case of a cesarean section), unless the attending provider (in consultation with the mother) decides to discharge earlier.
- ❖ Plans may not require providers to obtain authorization from the plan for prescribing the stay. In addition, plans may not deny a stay within the 48-hour (or 96-hour) period because the plan's utilization reviewer does not think such a stay is medically necessary.
- ❖ The plan must eliminate this preauthorization requirement with respect to hospital stays in connection with childbirth for the first 48 hours (or 96 hours in the case of a cesarean section). The plan may impose such an authorization requirement for hospital stays beyond this period. In addition, the plan may impose a requirement on the mother to give notice of a pregnancy in order to obtain a certain level of cost-sharing or to use certain medical facilities.

Premium Assistance Under Medicaid & CHIP (Children's Health Insurance Program)

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage. These states use funds from their Medicaid or CHIP programs to help people who are eligible for these programs but also have access to health insurance through their employer. If you or your children are not eligible for Medicaid or CHIP, you will not be eligible for these premium assistance programs.

If you or your dependents are **already enrolled in Medicaid or CHIP**, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are **NOT currently enrolled in Medicaid or CHIP**, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must permit you to enroll in your employer plan if you are not already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within **60 days** of being determined eligible for premium assistance.

For questions contact the Department of Labor at www.askebsa.dol.gov or 1-866-444-3272.
