

LEAD NURSE
JOB DESCRIPTION
MSD OF WAYNE TOWNSHIP

PURPOSE: Creates a safe and healthful school environment through a continuous health program for all students.

PERFORMANCE RESPONSIBILITIES:

1. Serves as liaison between nurses and the Education Center staff.
2. Coordinates and facilitates the nurses' professional development activities.
3. Participates in work of the District Crisis Team, AIDS Education Committee, and the Human Growth and Family Life Advisory.
4. Continuously appraises and seeks to maintain and improve the efficiency and effectiveness of existing and newly established health services programs.
5. Provides professional leadership and assistance in developing objectives and standards of the health services program.
6. Acts as a resource to students, families, staff, and the community regarding health services, health education, and a healthy environment.
7. Refers students and families to appropriate health care resources to meet their individual needs.
8. Performs other duties and assumes other such tasks as assigned by the Superintendent or his or her designee.
