MSD OF WAYNE TOWNSHIP
GROUP HEALTH BENEFIT PLAN
SUMMARY PLAN DESCRIPTION

INTRODUCTION

The purpose of this document is to provide You and Your covered Dependents, if any, with summary information in English on benefits available under this Plan, as well as with information on a Covered Person's rights and obligations under the MSD OF WAYNE TOWNSHIP Group Health Benefit Plan (the "Plan"). You are a valued Employee of MSD OF WAYNE TOWNSHIP, and Your employer is pleased to sponsor this Plan to provide benefits that can help meet Your health care needs. Please read this document carefully and contact Your Human Resources or Personnel office if You have questions or if You have difficulty translating this document.

MSD OF WAYNE TOWNSHIP is named the Plan Administrator for this Plan. The Plan Administrator has retained the services of independent Third Party Administrators to process claims and handle other duties for this self-funded Plan. The Third Party Administrators for this Plan are UMR, Inc. (hereinafter "UMR") for medical claims, and TrueRx for pharmacy claims. The Third Party Administrators do not assume liability for benefits payable under this Plan, since they are solely claims-paying agents for the Plan Administrator.

The employer assumes the sole responsibility for funding the Plan benefits out of general assets; however, Employees help cover some of the costs of covered benefits through contributions, Deductibles, out-of-pocket amounts, and Plan Participation amounts as described in the Schedule of Benefits. All claim payments and reimbursements are paid out of the general assets of the employer and there is no separate fund that is used to pay promised benefits.

Some of the terms used in this document begin with capital letters, even though such-terms normally would not be capitalized. These terms have special meaning under the Plan. Most capitalized terms are listed in the Glossary of Terms, but some are defined within the provisions in which they are used. Becoming familiar with the terms defined in the Glossary of Terms will help You to better understand the provisions of this Plan.

Each individual covered under this Plan will be receiving an identification card that they may present to providers whenever they receive services. On the back of this card are phone numbers to call in case of questions or problems.

This document contains information on the benefits and limitations of the Plan and will serve as both the Summary Plan Description (SPD) and Plan document. Therefore it will be referred to as both the SPD and the Plan document.

This document became effective on January 1, 2023.

OUT-OF-POCKET EXPENSES AND MAXIMUMS

DEDUCTIBLES

A Deductible is an amount of money paid once per Plan Year by the Covered Person before any Covered Expenses are paid by this Plan. A Deductible applies to each Covered Person up to a family Deductible limit. When a new Plan Year begins, a new Deductible must be satisfied.

Deductible amounts are shown on the Schedule of Benefits. Generally, the applicable Deductible must be met before any benefits will be paid under this Plan. However, certain covered benefits may be paid first dollar.

The Deductible amounts that the Covered Person incurs for Covered Expenses, including covered Pharmacy expenses, will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the applicable benefit level's total individual and family Deductible.

PLAN PARTICIPATION

Plan Participation is the percentage of Covered Expenses that the Covered Person is responsible for paying after the Deductible is met. The Covered Person pays this percentage until the Covered Person's (or family's, if applicable) annual out-of-pocket maximum is reached. The Plan Participation rate is shown on the Schedule of Benefits.

Any payment for an expense that is not covered under this Plan will be the Covered Person's responsibility.

ANNUAL OUT-OF-POCKET MAXIMUMS

The annual out-of-pocket maximum is the most the Covered Person pays each year for Covered Expenses. There are separate in-network and out-of-network out-of-pocket maximums for this Plan. Annual out-of-pocket maximums are shown on the Schedule of Benefits. Amounts the Covered Person incurs for Covered Expenses will be used to satisfy the Covered Person's (or family's, if applicable) annual out-of-pocket maximum(s). If the Covered Person's out-of-pocket expenses in a Plan Year exceed the annual out-of-pocket maximum, the Plan pays 100% of the Covered Expenses through the end of the Plan Year.

The following will not be used to meet the out-of-pocket maximums:

- Penalties, legal fees and interest charged by a provider.
- Expenses for excluded services.
- Any charges above the limits specified elsewhere in this document.
- Pharmacy out-of-network Co-pays and out-of-network Plan Participation amounts for Prescription benefits.
- Expenses Incurred as a result of failure to comply with prior authorization requirements.
- Any amounts over the Recognized Amount, Usual and Customary amount, Negotiated Rate, or established fee schedule that this Plan pays.

The eligible out-of-pocket expenses that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the total out-of-pocket maximum.

NO FORGIVENESS OF OUT-OF-POCKET EXPENSES

The Covered Person is required to pay the out-of-pocket expenses (including Deductibles, Co-pays, or required Plan Participation) under the terms of this Plan. The requirement that You and Your Dependent(s) pay the applicable out-of-pocket expenses may not be waived by a provider under any “fee forgiveness,” “not out-of-pocket,” or similar arrangement. If a provider waives the required out-of-pocket expenses, the Covered Person’s claim may be denied and the Covered Person will be responsible for payment of the entire claim. The claim(s) may be reconsidered if the Covered Person provides satisfactory proof that they paid the out-of-pocket expenses under the terms of this Plan.

The Covered Person’s ability to contribute to a Health Savings Account (HSA) on a tax favored basis may be affected by any arrangement that waives this Plan’s Deductible.

ELIGIBILITY AND ENROLLMENT

ELIGIBILITY AND ENROLLMENT PROCEDURES

You are responsible for enrolling in the manner and form prescribed by Your employer. The Plan's eligibility and enrollment procedures include administrative safeguards and processes designed to ensure and verify that eligibility and enrollment determinations are made in accordance with the Plan. From time to time, the Plan may request documentation from You or Your Dependents in order to make determinations for continuing eligibility. The coverage choices that will be offered to You will be the same choices offered to other, similarly situated Employees.

ELIGIBILITY REQUIREMENTS

An **eligible Employee** is a person who is classified by the employer on both payroll and personnel records as an Employee who regularly works full-time 30 or more hours per week, but for purposes of this Plan, it does not include the following classifications of workers except as determined by the employer in its sole discretion:

- Leased Employees.
- Independent Contractors as defined in this Plan.
- Consultants who are paid on other than a regular wage or salary basis by the employer.
- Members of the employer's Board of Directors, owners, partners, or officers, unless engaged in the conduct of the business on a full-time, regular basis.

For purposes of this Plan, eligibility requirements are used only to determine a person's initial eligibility for coverage under this Plan. An Employee may retain eligibility for coverage under this Plan if the Employee is temporarily absent on an approved leave of absence, which may be combined with the employer's short-term disability policy, with the expectation of returning to work following the approved leave as determined by the employer's leave policy, provided that contributions continue to be paid on a timely basis. COBRA is not applicable until short-term disability is exhausted. Employees who meet eligibility requirements during a measurement period as required by the Affordable Care Act (ACA) regulations will have been deemed to have met the eligibility requirements for the resulting stability period as required by the ACA regulations. The employer's classification of an individual is conclusive and binding for purposes of determining eligibility under this Plan. No reclassification of a person's status, for any reason, by a third party, whether by a court, governmental agency, or otherwise, without regard to whether or not the employer agrees to such reclassification, will change a person's eligibility for benefits.

An eligible Employee who is covered under this Plan and who retires under the employer's formal retirement plan will be eligible to continue participating in the Plan upon retirement, provided the individual continues to make the required contribution. See the Coordination of Benefits section for more information on how this Plan coordinates with Medicare coverage. Retirees may continue coverage under this Plan until they reach age 65 or Medicare eligibility.

Note: Eligible Employees and Dependents who decline to enroll in this Plan must state so in writing. In order to preserve potential special enrollment rights, eligible individuals declining coverage must state in writing that enrollment is declined due to coverage under another group health plan or health insurance policy. Proof of such plan or policy may be required upon application for special enrollment. See the Special Enrollment Provision section of this Plan.

An **eligible Dependent** includes:

- Your legal spouse, provided they are not covered as an Employee under this Plan. For purposes of eligibility under this Plan, a legal spouse does not include a Common-Law Marriage spouse, even if such partnership is recognized as a legal marriage in the state in which the couple resides. An eligible Dependent does not include an individual from whom You have obtained a legal separation or divorce. Documentation on a Covered Person's marital status may be required by the Plan Administrator.
- A Dependent Child until the Child reaches their 26th birthday. The term "**Child**" includes the following Dependents:
 - A natural biological Child;
 - A stepchild;
 - A legally adopted Child or a Child legally Placed for Adoption as granted by action of a federal, state, or local governmental agency responsible for adoption administration or a court of law if the Child has not attained age 26 as of the date of such placement;
 - A Child under Your (or Your spouse's) Legal Guardianship as ordered by a court;
 - A Child who is considered an alternate recipient under a Qualified Medical Child Support Order (QMCSO).
- A Dependent does not include the following:
 - A foster Child;
 - A Child of a Domestic Partner or a Child under Your Domestic Partner's Legal Guardianship;
 - A grandchild;
 - A Domestic Partner;
 - A Dependent Child if the Child is covered as a Dependent of another Employee at this company;
 - Any other relative or individual unless explicitly covered by this Plan.

Note: An Employee must be covered under this Plan in order for Dependents to qualify for and obtain coverage.

Eligibility Criteria: To be an eligible Totally Disabled Dependent Child, the following conditions must all be met:

- A Totally Disabled Dependent Child age 26 or over must be dependent upon the Employee for more than 50 percent of their support and maintenance. This financial requirement does not apply to Children who are enrolled in accordance with a Qualified Medical Child Support Order because of the Employee's divorce or separation decree.

NON-DUPLICATION OF COVERAGE: Any person who is covered as an eligible Employee will not also be considered an eligible Dependent under this Plan.

RIGHT TO CHECK A DEPENDENT'S ELIGIBILITY STATUS: The Plan reserves the right to check the eligibility status of a Dependent at any time throughout the year. You and Your Dependent have an obligation to notify the Plan should the Dependent's eligibility status change during the Plan Year. Please notify Your Human Resources Department regarding status changes.

EXTENDED COVERAGE FOR DEPENDENT CHILDREN

A Dependent Child may be eligible for extended Dependent coverage under this Plan under the following circumstances:

- The Dependent Child was covered by this Plan on the day before the Child's 26th birthday; or
- The Dependent Child is a Dependent of an Employee newly eligible for the Plan; or
- The Dependent Child is eligible due to a special enrollment event or a Qualifying Status Change event, as outlined in the Section 125 Plan.

The Dependent Child must also fit the following category:

If You have a Dependent Child covered under this Plan who is under the age of 26 and Totally Disabled, either mentally or physically, that Child's health coverage may continue beyond the day the Child would otherwise cease to be a Dependent under the terms of this Plan. You must submit written proof that the Child is Totally Disabled within 30 calendar days after the day coverage for the Dependent would normally end. The Plan may, for three years, ask for additional proof at any time, after which the Plan may ask for proof not more than once per year. Coverage may continue subject to the following minimum requirements:

- The Dependent must not be able to hold a self-sustaining job due to the disability; and
- Proof of the disability must be submitted as required (Notice of Award of Social Security Income is acceptable); and
- The Employee must still be covered under this Plan.

A Totally Disabled Dependent Child older than 26 who loses coverage under this Plan may not re-enroll in the Plan under any circumstances.

IMPORTANT: It is Your responsibility to notify the Plan Sponsor within 60 days if Your Dependent no longer meets the criteria listed in this section. If, at any time, the Dependent fails to meet the qualifications of a Totally Disabled Dependent, the Plan has the right to be reimbursed from the Dependent or Employee for any medical claims paid by the Plan during the period that the Dependent did not qualify for extended coverage. Please refer to the COBRA Continuation of Coverage section in this document.

Employees have the right to choose which eligible Dependents are covered under the Plan.

EFFECTIVE DATE OF EMPLOYEE'S COVERAGE

Your coverage will begin on the later of the following dates:

- If You apply within 30 days of hire, Your coverage will become effective the first day of the month following Your date of hire; or
- If You are eligible to enroll under the Special Enrollment Provision, Your coverage will become effective on the date set forth under the Special Enrollment Provision if application is made within 30 calendar days of the event.

EFFECTIVE DATE OF COVERAGE FOR YOUR DEPENDENTS

Your Dependent's coverage will be effective on the later of the following dates:

- The date Your coverage under the Plan begins if You enroll the Dependent at that time; or
- The date You acquire Your Dependent if application is made within 30 calendar days of acquiring the Dependent; or

- The date set forth under the Special Enrollment Provision if Your Dependent is eligible to enroll under the Special Enrollment Provision and application is made within 30 calendar days following the event; or
- The date specified in a Qualified Medical Child Support Order or the date the Plan Administrator determines that the order is a QMCSO.

A contribution will be charged from the first day of coverage for the Dependent if an additional contribution is required. In no event will Your Dependent be covered prior to the day Your coverage begins.

ANNUAL OPEN ENROLLMENT PERIOD

During the annual open enrollment period, eligible Employees will be able to enroll themselves and their eligible Dependents for coverage under this Plan. Covered Employees and covered Retirees will be able to make changes in coverage for themselves and their eligible Dependents.

If You and/or Your Dependent becomes covered under this Plan as a result of electing coverage during the annual open enrollment period, the following will apply:

- The employer will give eligible Employees written notice prior to the start of an annual open enrollment period; and
- This Plan does not apply to charges for services performed or treatment received prior to the Effective Date of the Covered Person's coverage; and
- The Effective Date of coverage will be January 1 following the annual open enrollment period.

SPECIAL ENROLLMENT PROVISION

Under the Health Insurance Portability and Accountability Act

This Plan gives an eligible person special enrollment rights if the person experiences a loss of other health coverage or a change in family status as explained below. The coverage choices that will be offered to You will be the same choices offered to other, similarly situated Employees.

Note: Retirees are not eligible for special enrollment due to loss of other coverage. Similarly, Retirees who are not currently participating in the Plan will not be eligible to enroll upon acquisition of new Dependents.

LOSS OF HEALTH COVERAGE

You and Your Dependents may have a special opportunity to enroll for coverage under this Plan if You experience a loss of other coverage.

In order for You to be eligible for special enrollment rights, You must meet the following conditions:

- You and/or Your Dependents were covered under a group health plan or health insurance policy at the time coverage under this Plan was offered; and
- You and/or Your Dependents stated in writing that You declined coverage due to coverage under another group health plan or health insurance policy; and
- The coverage under the other group health plan or health insurance policy was:
 - COBRA continuation coverage and that coverage was exhausted; or
 - Terminated because the person was no longer eligible for coverage under the terms of that plan or policy; or
 - Terminated and no substitute coverage was offered; or
 - No longer receiving any monetary contribution toward the premium from the employer.

You or Your Dependent must request and apply for coverage under this Plan no later than 30 calendar days after the date the other coverage ended.

You and/or Your Dependents were covered under a Medicaid plan or state child health plan and coverage for You or Your Dependents was terminated due to loss of eligibility. You must request coverage under this Plan within 60 days after the date of termination of such coverage.

You or Your Dependents may not enroll for health coverage under this Plan due to loss of health coverage under the following conditions:

- Coverage was terminated due to failure to pay timely premiums or for cause, such as making a fraudulent claim or an intentional misrepresentation of material fact, or
- You or Your Dependent voluntarily canceled the other coverage, unless the current or former employer no longer contributed any money toward the premium for that coverage.

NEWLY ELIGIBLE FOR PREMIUM ASSISTANCE UNDER MEDICAID OR CHILDREN'S HEALTH INSURANCE PROGRAM

A current Employee and their Dependents may be eligible for a special enrollment period if the Employee and/or Dependents are determined eligible, under a state's Medicaid plan or state child health plan, for premium assistance with respect to coverage under this Plan. The Employee must request coverage under this Plan within 60 days after the date the Employee and/or Dependents are determined to be eligible for such assistance.

CHANGE IN FAMILY STATUS

Current Employees and their Dependents, COBRA Qualified Beneficiaries, and other eligible persons have special opportunities to enroll for coverage under this Plan if they experience changes in family status. Retired Employees who are Covered Persons have special opportunities to enroll newly acquired Dependents for coverage under this Plan if they experience changes in family status.

If a person becomes an eligible Dependent through marriage, birth, adoption or Placement for Adoption, the Employee, spouse, and newly acquired Dependent(s) who are not already enrolled may enroll for health coverage under this Plan during a special enrollment period. The Employee must request and apply for coverage within 30 calendar days of the marriage, birth, adoption, or Placement for Adoption.

EFFECTIVE DATE OF COVERAGE UNDER SPECIAL ENROLLMENT PROVISION

If an eligible person properly applies for coverage during this special enrollment period, the coverage will become effective as follows:

- In the case of marriage, on the date of the marriage (note that eligible individuals must submit their enrollment forms prior to the Effective Dates of coverage in order for salary reductions to have preferred tax treatment from the date coverage begins); or
- In the case of a Dependent's birth, on the date of such birth; or
- In the case of a Dependent's adoption, the date of such adoption or Placement for Adoption; or
- In the case of eligibility for premium assistance under a state's Medicaid plan or state child health plan, on the date the approved request for coverage is received; or
- In the case of loss of coverage, on the date following loss of coverage.

RELATION TO SECTION 125 CAFETERIA PLAN

This Plan may also allow additional changes to enrollment due to change in status events under the employer's Section 125 Cafeteria Plan. Refer to the employer's Section 125 Cafeteria Plan for more information.

TERMINATION

For information about continuing coverage, refer to the COBRA Continuation of Coverage section of this SPD.

EMPLOYEE'S COVERAGE

Your coverage under this Plan will end on the earliest of:

- The end of the period for which Your last contribution is made if You fail to make any required contribution toward the cost of coverage when due; or
- The date this Plan is canceled; or
- The date coverage for Your benefit class is canceled; or
- The last day of the month in which You tell the Plan to cancel Your coverage if You are voluntarily canceling it while remaining eligible because of a change in status, because of special enrollment or at annual open enrollment periods; or
- The end of the stability period in which You became a member of a non-covered class, as determined by the employer except as follows:
 - If You are temporarily absent from work due to an approved leave of absence for medical or other reasons, Your coverage under this Plan will continue during that leave, provided the applicable Employee contribution is paid when due. [Refer to your Employer's employee handbook, internal policies and/or procedures.](#)
 - If You are temporarily absent from work due to active military duty, refer to USERRA under the Uniformed Services Employment and Reemployment Rights Act of 1994 section; or
- The last day of the month in which Your employment ends; or
- [The last day of the month prior to Your 65th birthday; or](#)
- The date You submit a false claim or are involved in any other fraudulent act related to this Plan or any other group plan.

YOUR DEPENDENT'S COVERAGE

Coverage for Your Dependent will end on the earliest of the following:

- The end of the period for which Your last contribution is made if You fail to make any required contribution toward the cost of Your Dependent's coverage when due; or
- The day of the month in which Your coverage ends; or
- The last day of the month in which Your Dependent is no longer Your legal spouse; or
- The last day of the month in which Your Dependent Child attains the limiting age listed under the Eligibility and Enrollment section; or
- If Your Dependent Child qualifies for extended Dependent coverage because they are Totally Disabled, the last day of the month in which Your Dependent Child is no longer deemed Totally Disabled under the terms of the Plan; or

- The last day of the month in which Your Dependent Child no longer satisfies a required eligibility criterion listed in the Eligibility and Enrollment section; or
- The date Dependent coverage is no longer offered under this Plan; or
- The last day of the month in which You tell the Plan to cancel Your Dependent's coverage if You are voluntarily canceling it while remaining eligible because of a change in status, because of special enrollment, or at annual open enrollment periods; or
- The last day of the month in which the Dependent becomes covered as an Employee under this Plan; or
- The date You or Your Dependent submits a false claim or is involved in any other fraudulent act related to this Plan or any other group plan.

RESCISSION OF COVERAGE

As permitted by the Patient Protection and Affordable Care Act, the Plan reserves the right to rescind coverage. A rescission of coverage is a retroactive cancellation or discontinuance of coverage due to fraud or intentional misrepresentation of material fact.

A cancellation/discontinuance of coverage is **not** a rescission if:

- it has only a prospective effect;
- it is attributable to non-payment of premiums or contributions; or
- it is initiated by You or Your personal representative.

REINSTATEMENT OF COVERAGE

If Your coverage ends due to termination of employment, leave of absence, reduction of hours, or layoff and You qualify for eligibility under this Plan again (are rehired or considered to be rehired for purposes of the Affordable Care Act) within 26 weeks from the date Your coverage ended, Your coverage will be reinstated. If Your coverage ends due to termination of employment, leave of absence, reduction of hours, or layoff and You do not qualify for eligibility under this Plan again (are not rehired or considered to be rehired for purposes of the Affordable Care Act) within 26 weeks from the date Your coverage ended, and You did not perform any hours of service that were credited within the 26-week period, You will be treated as a new hire and will be required to meet all the requirements of a new Employee. Refer to the information on the Family and Medical Leave Act and the Uniformed Services Employment and Reemployment Rights Act for possible exceptions, or contact Your Human Resources or Personnel office.

COBRA CONTINUATION OF COVERAGE

Note: UMR (the claims administrator) does not administer the benefits or services described within this provision. Please contact the benefit manager or Your employer with any questions related to this coverage or service.

Important: Read this entire provision to understand a Covered Person's COBRA rights and obligations.

The following is a summary of the federal continuation requirements under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended. This summary generally explains COBRA continuation coverage, when it may become available to You and Your family, and what You and Your Dependents need to do to protect the right to receive it. When You become eligible for COBRA, You may also become eligible for other coverage options that may cost less than COBRA continuation coverage. This summary provides a general notice of a Covered Person's rights under COBRA, but is not intended to satisfy all the requirements of federal law. Your employer or the COBRA Administrator will provide additional information to You or Your Dependents as required.

You may have other options available to You when You lose group health coverage. For example, You may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, You may qualify for lower costs on Your monthly premiums and lower out-of-pocket costs. Additionally, You may qualify for a 30-day special enrollment period for another group health plan for which You are eligible (such as a spouse's plan), even if that plan generally does not accept Late Enrollees.

INTRODUCTION

Federal law gives certain persons, known as Qualified Beneficiaries (defined below), the right to continue their health care benefits beyond the date that they might otherwise lose coverage. The Qualified Beneficiary must pay the entire cost of the COBRA continuation coverage, plus an administrative fee. In general, a Qualified Beneficiary has the same rights and obligations under the Plan as an active participant.

A Qualified Beneficiary may elect to continue coverage under this Plan if such person's coverage would terminate because of a life event known as a Qualifying Event (outlined below). When a Qualifying Event causes (or will cause) a Loss of Coverage, the Plan must offer COBRA continuation coverage. Loss of Coverage means more than losing coverage entirely. It means that a person ceases to be covered under the same terms and conditions that are in effect immediately before the Qualifying Event. In short, a Qualifying Event plus a Loss of Coverage allows a Qualified Beneficiary the right to elect coverage under COBRA.

Generally, You, Your covered spouse, and Your Dependent Children may be Qualified Beneficiaries and eligible to elect COBRA continuation coverage, even if You or Your Dependent is already covered under another employer-sponsored group health plan or is enrolled in Medicare at the time of the COBRA election.

COBRA CONTINUATION COVERAGE FOR QUALIFIED BENEFICIARIES

The length of COBRA continuation coverage that is offered varies based on who the Qualified Beneficiary is and what **Qualifying Event** is experienced as outlined below.

If You are an Employee, You will become a Qualified Beneficiary if You lose coverage under the Plan because either one of the following Qualifying Events happens:

Qualifying Event	Length of Continuation
• Your employment ends for any reason other than Your gross misconduct	up to 18 months
• Your hours of employment are reduced	up to 18 months

(There are two ways in which this 18-month period of COBRA continuation coverage may be extended. See the section below entitled “The Right to Extend the Length of COBRA Continuation Coverage” for more information.)

The spouse of an Employee will become a Qualified Beneficiary if they lose coverage under the Plan because any one of the following Qualifying Events happens:

Qualifying Event	Length of Continuation
• The Employee dies	up to 36 months
• The Employee’s hours of employment are reduced	up to 18 months
• The Employee’s employment ends for any reason other than their gross misconduct	up to 18 months
• The Employee becomes entitled to Medicare benefits (under Part A, Part B, or both)	up to 36 months
• The Employee and spouse become divorced or legally separated	up to 36 months

The Dependent Children of an Employee will become Qualified Beneficiaries if they lose coverage under the Plan because any one of the following Qualifying Events happens:

Qualifying Event	Length of Continuation
• The parent-Employee dies	up to 36 months
• The parent-Employee’s employment ends for any reason other than their gross misconduct	up to 18 months
• The parent-Employee’s hours of employment are reduced	up to 18 months
• The parent-Employee becomes entitled to Medicare benefits (Part A, Part B, or both)	up to 36 months
• The parents become divorced or legally separated	up to 36 months
• The Child loses eligibility for coverage under the Plan as a Dependent	up to 36 months

COBRA continuation coverage for Retired Employees and their Dependents is described below:

Qualifying Event	Length of Continuation
• If You are a Retired Employee and Your coverage is reduced or terminated due to Your Medicare entitlement, and as a result Your Dependent’s coverage is also terminated, Your spouse and Dependent Children may also become Qualified Beneficiaries.	up to 36 months
• If You are a Retired Employee and Your employer files bankruptcy under Title 11 of the United States Code, the bankruptcy may be a Qualifying Event. If the bankruptcy results in the Retired Employee’s Loss of Coverage under this Plan, then the Retired Employee is a Qualified Beneficiary. The Retired Employee’s spouse or surviving spouse and Dependent Children will also be Qualified Beneficiaries if bankruptcy results in their Loss of Coverage under this Plan.	
➤ Retired Employee	Lifetime
➤ Dependents	36 months

Note: A spouse or a Dependent Child newly acquired through birth or adoption during a period of continuation coverage is eligible to be enrolled as a Dependent. The standard enrollment provision of the Plan applies to enrollees during continuation coverage. A Dependent other than a newborn or newly adopted Child who is acquired and enrolled after the original Qualifying Event is not eligible as a Qualified Beneficiary if a subsequent Qualifying Event occurs.

COBRA NOTICE PROCEDURES

THE NOTICE(S) A COVERED PERSON MUST PROVIDE UNDER THIS SUMMARY PLAN DESCRIPTION

In order to be eligible to receive COBRA continuation coverage, covered Employees and their Dependents have certain obligations with respect to certain Qualifying Events (including divorce or legal separation of the Employee and spouse or a Dependent Child's loss of eligibility for coverage as a Dependent) to provide written notices to the administrator. Follow the rules described in this procedure when providing notice to the administrator, whether to Your employer or to the COBRA Administrator.

A Qualified Beneficiary's written notice must include all of the following information (a form for notifying the COBRA Administrator is available upon request):

- The Qualified Beneficiary's name, current address, and complete phone number,
- The group number and the name of the Employee's employer,
- A description of the Qualifying Event (i.e., the life event experienced), and
- The date the Qualifying Event occurred or will occur.

For purposes of the deadlines described in this Summary Plan Description, the notice must be postmarked by the deadline. In order to protect Your family's rights, the Plan Administrator should be informed of any changes to the addresses of family members. Keep copies of all notices You send to the Plan Administrator or COBRA Administrator.

COBRA NOTICE REQUIREMENTS AND ELECTION PROCESS

EMPLOYER OBLIGATIONS TO PROVIDE NOTICE OF THE QUALIFYING EVENT

Your employer will give notice to the COBRA Administrator when coverage terminates due to the Employee's termination of employment or reduction in hours, the death of the Employee, or the Employee's becoming entitled to Medicare benefits due to age or disability (Part A, Part B, or both). Your employer will notify the COBRA Administrator within 30 calendar days of when one of these events occurs.

EMPLOYEE OBLIGATIONS TO PROVIDE NOTICE OF THE QUALIFYING EVENT

The Covered Person must give notice to the Plan Administrator in the case of divorce or legal separation of the Employee and a spouse, a Dependent Child ceasing to be eligible for coverage under the Plan, or a second Qualifying Event. The covered Employee or Qualified Beneficiary must provide written notice to the Plan Administrator in order to ensure rights to COBRA continuation coverage. The Covered Person must provide this notice within the 60-calendar-day period that begins on the latest of:

- The date of the Qualifying Event; or
- The date on which there is a Loss of Coverage (or would be a Loss of Coverage) due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of this notice requirement by receiving this Summary Plan Description or the General COBRA Notice.

The Plan Administrator will notify the COBRA Administrator within 30 calendar days from the date that notice of the Qualifying Event has been provided.

The COBRA Administrator will, in turn, provide an election notice to each Qualified Beneficiary within 14 calendar days of receiving notice of a Qualifying Event from the employer, the covered Employee, or the Qualified Beneficiary.

MAKING AN ELECTION TO CONTINUE GROUP HEALTH COVERAGE

Each Qualified Beneficiary has the independent right to elect COBRA continuation coverage. A Qualified Beneficiary will receive a COBRA election form that should be completed in order to elect to continue group health coverage under this Plan. A Qualified Beneficiary may elect COBRA coverage at any time within the 60-day election period. The election period ends 60 calendar days after the later of:

- The date Plan coverage terminates due to a Qualifying Event; or
- The date the Plan Administrator provides the Qualified Beneficiary with an election notice.

A Qualified Beneficiary must notify the COBRA Administrator of their election in writing or via the online portal, if available, in order to continue group health coverage and must make the required payments when due in order to remain covered. If online election is available, You will receive instructions for online election when Your election notice is provided. If the Qualified Beneficiary does not choose COBRA continuation coverage within the 60-day election period, group health coverage will end on the day of the Qualifying Event.

PAYMENT OF CLAIMS AND DATE COVERAGE BEGINS

No claims will be paid under this Plan for services the Qualified Beneficiary receives on or after the date coverage is lost due to a Qualifying Event. If, however, the Qualified Beneficiary has not completed a waiver and decides to elect COBRA continuation coverage within the 60-day election period, group health coverage will be reinstated retroactively to the date coverage was lost, provided the Qualified Beneficiary makes the required payment when due. Any claims that were denied during the initial COBRA election period will be reprocessed once the COBRA Administrator receives the completed COBRA election form and required payment.

If a Qualified Beneficiary previously waived COBRA coverage but revokes that waiver within the 60-day election period, coverage will not be retroactive to the date of the Qualifying Event but instead will become effective on the date the waiver is revoked.

PAYMENT FOR CONTINUATION COVERAGE

Qualified Beneficiaries are required to pay the entire cost of continuation coverage, which includes both the employer and Employee contributions. This cost may also include a 2% additional fee to cover administrative expenses (or, in the case of the 11-month extension due to disability, a 50% additional fee). The cost of continuation coverage is subject to change at least once per year.

If Your employer offers annual open enrollment opportunities for active Employees, each Qualified Beneficiary will have the same options under COBRA (for example, the right to add or eliminate coverage for Dependents). The cost of continuation coverage will be adjusted accordingly.

The **initial payment** is due no later than 45 calendar days after the Qualified Beneficiary elects COBRA as evidenced by the postmark date on the envelope or, if online election is available, the date Your election is submitted electronically. This first payment must cover the cost of continuation coverage from the time coverage under the Plan would have otherwise terminated, up to the time the first payment is made. If the initial payment is not made within the 45-day period, then coverage will remain terminated without the possibility of reinstatement. There is no grace period for the initial payment.

The due date for **subsequent payments** is typically the first day of the month for any particular period of coverage. However, the Qualified Beneficiary will receive specific payment information, including due dates when the Qualified Beneficiary becomes eligible for and elects COBRA continuation coverage.

If, for whatever reason, any Qualified Beneficiary receives any benefits under the Plan during a month for which the payment was not made on time, the Qualified Beneficiary will be required to reimburse the Plan for the benefits received.

If the COBRA Administrator receives a check that is missing information or contains discrepancies regarding the information on the check (e.g., the numeric dollar amount does not match the written dollar amount), the COBRA Administrator will provide a notice to the Qualified Beneficiary with information regarding what needs to be done to correct the mistake.

Note: Payment will not be considered made if a check is returned for non-sufficient funds.

A QUALIFIED BENEFICIARY'S NOTICE OBLIGATIONS WHILE ON COBRA

Always keep the COBRA Administrator informed of the current addresses of all Covered Persons who are or who may become Qualified Beneficiaries. Failure to provide this information to the COBRA Administrator may cause You or Your Dependents to lose important rights under COBRA.

In addition, written notice to the COBRA Administrator is required within 30 calendar days of the date any one of the following events occurs:

- The Qualified Beneficiary marries. Refer to the Special Enrollment Provision section of this SPD for additional information regarding special enrollment rights.
- A Child is born to, adopted by, or Placed for Adoption by a Qualified Beneficiary. Refer to the Special Enrollment Provision section of this SPD for additional information regarding special enrollment rights.
- A final determination is made by the Social Security Administration that a disabled Qualified Beneficiary is no longer disabled.
- Any Qualified Beneficiary becomes covered by another group health plan or enrolls in Medicare Part A or Part B.

Additionally, if the COBRA Administrator or the Plan Administrator requests additional information from the Qualified Beneficiary, the Qualified Beneficiary must provide the requested information in the timeframe outlined in the request document.

LENGTH OF CONTINUATION COVERAGE

COBRA coverage is available up to the maximum periods described below, subject to all COBRA regulations and the conditions of this Summary Plan Description:

- For Employees and Dependents: 18 months from the Qualifying Event if due to the Employee's termination of employment or reduction of work hours. (If an active Employee enrolls in Medicare before their termination of employment or reduction in hours, then the covered spouse and Dependent Children will be entitled to COBRA continuation coverage for up to the greater of 18 months from the Employee's termination of employment or reduction in hours, or 36 months from the earlier Medicare Enrollment Date, whether or not Medicare enrollment is a Qualifying Event.)
- For Dependents only: 36 months from the Qualifying Event if coverage is lost due to one of the following events:
 - The Employee's death.
 - The Employee's divorce or legal separation.
 - The former Employee's enrollment in Medicare.
 - A Dependent Child's loss of eligibility as a Dependent as defined by the Plan.

- For Retired Employees and Dependents of Retired Employees only: If bankruptcy of the employer is the Qualifying Event that causes Loss of Coverage, the Qualified Beneficiaries may elect COBRA continuation coverage for the following maximum periods, subject to all COBRA regulations. The covered Retired Employee may continue COBRA coverage for the rest of their life. The covered spouse or surviving spouse or the Dependent Child of the covered Retired Employee may continue coverage until the earlier of:
 - The date the Qualified Beneficiary dies; or
 - The date that is 36 months after the death of the covered Retired Employee.

THE RIGHT TO EXTEND THE LENGTH OF COBRA CONTINUATION COVERAGE

While on COBRA continuation coverage, certain Qualified Beneficiaries may have the right to extend continuation coverage provided written notice is given to the COBRA Administrator as soon as possible, but no later than the **required** timeframes stated below.

Social Security Disability Determination (For Employees and Dependents): A Qualified Beneficiary may be granted an 11-month extension to the initial 18-month COBRA continuation period, for a total maximum of 29 months of COBRA, in the event that the Social Security Administration determines the Qualified Beneficiary to be disabled either before becoming eligible for, or within the first 60 days of being covered by, COBRA continuation coverage. This extension will not apply if the original COBRA continuation was for 36 months.

If the Qualified Beneficiary has non-disabled family members who are also Qualified Beneficiaries, those non-disabled family members are also entitled to the disability extension.

The Qualified Beneficiary must give the COBRA Administrator a copy of the Social Security Administration letter of disability determination before the end of the initial 18-month period and within 60 days of the later of:

- The date of the Social Security Administration disability determination;
- The date the Qualifying Event occurs;
- The date the Qualified Beneficiary loses (or would lose) coverage due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA Administrator of the disability by receiving this Summary Plan Description or the General COBRA Notice.

Note: Premiums may be higher after the initial 18-month period for persons exercising this disability extension provision available under COBRA.

If the Social Security Administration determines the Qualified Beneficiary is no longer disabled, the Qualified Beneficiary must notify the Plan of that fact within 30 days after the Social Security Administration's determination.

Second Qualifying Events (Dependents Only): If Your family experiences another Qualifying Event while receiving 18 months of COBRA continuation coverage, the spouse and Dependent Children in Your family who are Qualified Beneficiaries may receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second event is provided to the COBRA Administrator. This additional coverage may be available to the spouse or Dependent Children who are Qualified Beneficiaries if the Employee or former Employee dies, becomes entitled to Medicare (Part A, Part B, or both) or is divorced or legally separated, or if the Dependent Child loses eligibility under the Plan as a Dependent. This extension is available only if the Qualified Beneficiaries were covered under the Plan prior to the original Qualifying Event or in the case of a newborn Child being added as a result of a HIPAA special enrollment right. Dependents acquired during COBRA continuation (other than newborns and newly adopted Children) are not eligible to continue coverage as the result of a subsequent Qualifying Event. These events will lead to the extension only when the event would have caused the spouse or Dependent Child to lose coverage under the Plan had the first Qualifying Event not occurred.

You or Your Dependents must provide the notice of a second Qualifying Event to the COBRA Administrator within a 60-day period that begins to run on the latest of:

- The date of the second Qualifying Event; or
- The date the Qualified Beneficiary loses (or would lose) coverage due to the second Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA Administrator of the second Qualifying Event by receiving this Summary Plan Description or the General COBRA Notice.

COVERAGE OPTIONS OTHER THAN COBRA CONTINUATION COVERAGE

There may be other coverage options for You and Your family through the Health Insurance Marketplace, Medicare, Medicaid, the Children's Health Insurance Program (CHIP), or other group health plan coverage (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

In general, if You do not enroll in Medicare Part A or B when You are first eligible because You are still employed, after the Medicare initial enrollment period You have an eight-month special enrollment period to sign up for Medicare Part A or B, beginning on the earlier of (a) the month after Your employment ends, or (b) the month after group health plan coverage based on current employment ends.

If You do not enroll in Medicare and elect COBRA continuation coverage instead, You may have to pay a Part B late enrollment penalty and You may have a gap in coverage if You decide You want Part B later. If You elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate Your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if You enroll in the other part of Medicare after the date of the election of COBRA coverage. If You are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (as the primary payer) and COBRA continuation coverage will pay second. For more information visit <https://www.medicare.gov/medicare-and-you>.

EARLY TERMINATION OF COBRA CONTINUATION

COBRA continuation coverage may terminate before the end of the above maximum coverage periods for any of the following reasons:

- The employer ceases to maintain a group health plan for any Employees. (Note that if the employer terminates the group health plan under which the Qualified Beneficiary is covered, but still maintains another group health plan for other, similarly situated Employees, the Qualified Beneficiary will be offered COBRA continuation coverage under the remaining group health plan, although benefits and costs may not be the same.)
- The required contribution for the Qualified Beneficiary's coverage is not paid within the timeframe expressed in the COBRA regulations.
- After electing COBRA continuation coverage, the Qualified Beneficiary becomes entitled to and enrolled in Medicare.
- After electing COBRA continuation coverage, the Qualified Beneficiary becomes covered under another group health plan.
- The Qualified Beneficiary is found not to be disabled during the disability extension. The Plan will terminate the Qualified Beneficiary's COBRA continuation coverage one month after the Social Security Administration makes a determination that the Qualified Beneficiary is no longer disabled.
- Termination for cause, such as submitting fraudulent claims.

SPECIAL NOTICE

If COBRA continuation coverage is elected, the continuation coverage must be maintained (by paying the cost of the coverage) for the duration of the COBRA continuation period. If the continuation coverage is not exhausted and maintained for the duration of the COBRA continuation period, the Qualified Beneficiary will lose their special enrollment rights. It is important to note that losing HIPAA special enrollment rights may have adverse effects for the Qualified Beneficiary since it will make it difficult to obtain coverage, whether group health coverage or insurance coverage through the individual market or the exchange. After COBRA continuation coverage is exhausted, the Qualified Beneficiary will have the option of electing other group health coverage or insurance coverage through the individual market or the exchange, in accordance with their HIPAA special enrollment rights.

DEFINITIONS

Qualified Beneficiary means a person covered by this group health Plan immediately before a Qualifying Event. A Qualified Beneficiary may be an Employee, the spouse of a covered Employee, or the Dependent Child of a covered Employee. This includes a Child who is born to or Placed for Adoption with a covered Employee during the Employee's COBRA coverage period if the Child is enrolled within the Plan's Special Enrollment Provision for newborns and adopted Children. This also includes a Child who was receiving benefits under this Plan pursuant to a Qualified Medical Child Support Order (QMCSO) immediately before the Qualifying Event.

Qualifying Event means Loss of Coverage due to one of the following:

- The death of the covered Employee.
- Voluntary or involuntary termination of the covered Employee's employment (other than for gross misconduct).
- A reduction in work hours of the covered Employee.

- Divorce or legal separation of the covered Employee from the Employee's spouse. (Also, if an Employee terminates coverage for their spouse in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the later divorce or legal separation may be considered a Qualifying Event even though the ex-spouse lost coverage earlier. If the ex-spouse notifies the Plan or the COBRA Administrator in writing within 60 calendar days after the divorce or legal separation and can establish that the coverage was originally eliminated in anticipation of the divorce or legal separation, then COBRA coverage may be available for the period after the divorce or legal separation.)
- The covered former Employee becomes enrolled in Medicare.
- A Dependent Child no longer qualifies as a Dependent as defined by the Plan.

Loss of Coverage means any change in the terms or conditions of coverage in effect immediately before a Qualifying Event. Loss of Coverage includes a change in coverage terms, a change in plans, termination of coverage, partial Loss of Coverage, an increase in Employee cost, and other changes that affect terms or conditions of coverage. Loss of Coverage does not always occur immediately after a Qualifying Event, but must always occur within the applicable 18- or 36-month coverage period. A Loss of Coverage that is not caused by a Qualifying Event may not trigger COBRA rights.

UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT OF 1994

INTRODUCTION

Employers are required to offer COBRA-like health care continuation coverage to persons in the armed service if the absence for military duty would result in a loss of coverage. Employees on leave for military service must be treated as if they are on leaves of absence and are entitled to any other rights and benefits accorded to similarly situated Employees on leaves of absence or furloughs. If an employer has different types of benefits available depending on the type of leave of absence, the most favorable comparable leave benefits must apply to Employees on military leave. Reinstatement following a military leave of absence may not be subject to Waiting Periods.

COVERAGE

The maximum length of health care continuation coverage required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) is the lesser of:

- 24 months beginning on the day that the uniformed service leave begins, or
- A period beginning on the day that the service leave begins and ending on the day after the Employee fails to return to or reapply for employment within the time allowed by USERRA.

USERRA NOTICE AND ELECTION

An Employee or an appropriate officer of the uniformed service in which their service is to be performed must notify the employer that the Employee intends to leave the employment position to perform service in the uniformed services. An Employee should provide notice as far in advance as is reasonable under the circumstances. The Employee is excused from giving notice due to military necessity, or if giving notice is otherwise impossible or unreasonable under the circumstances.

Upon notice of intent to leave for uniformed service, Employees will be given the opportunity to elect USERRA continuation. Dependents do not have an independent right to elect USERRA coverage. Election of, payment for, and termination of the USERRA extension will be governed by the same requirements set forth under the COBRA Continuation of Coverage section, to the extent the COBRA requirements do not conflict with USERRA.

PAYMENT

If the military leave orders are for a period of 30 days or less, the Employee is not required to pay more than the amount they would have paid as an active Employee. For periods of 31 days or longer, if an Employee elects to continue health coverage pursuant to USERRA, such Employee and covered Dependents will be required to pay up to 102% of the full premium for the coverage elected.

EXTENDED COVERAGE RUNS CONCURRENTLY

Employees and their Dependents may be eligible for both COBRA and USERRA at the same time. Election of either the COBRA or USERRA extension by an Employee on leave for military service will be deemed an election under both laws, and the coverage offering the most benefit to the Employee will generally be extended. Coverage under both laws will run concurrently. Dependents who choose to independently elect extended coverage will be deemed eligible for the COBRA extension only because they are not eligible for a separate, independent right of election under USERRA.

PROTECTION FROM BALANCE BILLING

This section is to be interpreted in accordance with the No Surprises Act, as amended. Covered health care services that are subject to the No Surprises Act requirements will be reimbursed according to this section. Retiree-only plans are not subject to the Protection from Balance Billing requirements.

Emergency health care services provided by an Out-of-Network provider will be reimbursed as set forth under Allowed Amounts below.

Covered health care services provided at certain network facilities by Out-of-Network Physicians, when not Emergency health care services, will be reimbursed as set forth under Allowed Amounts below. For these covered health care services, the term “certain network facility” is limited to a Hospital, a Hospital Outpatient department, a critical access Hospital, an ambulatory surgical center, and any other facility specified by the Secretary of Health and Human Services.

OUT-OF-NETWORK BENEFITS

When covered health care services are received from an Out-of-Network provider as described below, allowed amounts are determined as follows:

- For non-Emergency covered health care services received at certain network facilities from Out-of-Network Physicians when such services are either Ancillary Services or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the Public Service Act with respect to a visit as defined by the Secretary of Health and Human Services, the allowed amount is based on one of the following, in the order listed as applicable:

After the Plan has issued payment for covered health care services, the Plan may be required to pay the provider an additional amount or discount to resolve and settle the provider's balance bill.

PROVIDER NETWORK

The word "**Network**" means an organization that has contracted with various providers to provide health care services to Covered Persons at a Negotiated Rate. Providers who participate in a Network have agreed to accept the Negotiated Rates as payment in full, including any portion of the fees that the Covered Person must pay due to the Deductible, Plan Participation amounts, or other out-of-pocket expenses. The allowable charges used in the calculation of the payable benefit to participating providers will be determined by the Negotiated Rates in the network contract. A provider who does not participate in a Network may bill Covered Persons for additional fees over and above what the Plan pays.

Knowing to which Network a provider belongs will help a Covered Person determine how much they will need to pay for certain services. To obtain the highest level of benefits under this Plan, Covered Persons should receive services from In-Network providers. However, this Plan does not limit a Covered Person's right to choose their own provider of medical care at their own expense if a medical expense is not a Covered Expense under this Plan, or is subject to a limitation or exclusion.

To find out to which Network a provider belongs, please refer to the Provider Directory, or call the toll-free number that is listed on the back of the Plan's identification card. The participation status of providers may change from time to time.

- If a provider belongs to one of the following Networks, claims for Covered Expenses will normally be processed in accordance with the **In-Network** benefit levels that are listed on the Schedule of Benefits:

Indiana University Health Network with United Healthcare Behavioral Health and Dialysis

- For services received from any other provider, claims for Covered Expenses will normally be processed in accordance with the **Out-of-Network** benefit levels that are listed on the Schedule of Benefits.

EXCEPTIONS TO THE PROVIDER NETWORK BENEFITS

In addition to services required to be covered as specified under the Protection from Balance Billing section of this SPD, some benefits may be processed at In-Network benefit levels when provided by Out-of-Network providers. When Out-of-Network charges are covered in accordance with Network benefits, the charges may be subject to Plan limitations. The following exceptions may apply:

- Non-air Ambulance Transportation services will be payable at the In-Network level of benefits when provided by an Out-of-Network provider.
- Covered services provided by a Physician during an Inpatient stay will be payable at the In-Network level of benefits when provided at an In-Network Hospital.
- If there is no In-Network provider, or no In-Network provider is willing or able to provide the necessary service(s) to the Covered Person within a 50-mile radius of the Covered Person's residence, the Covered Person may be eligible to receive In-Network benefits from an Out-of-Network provider. In this situation, Your In-Network Physician will notify the Claims Administrator, who will work with You and Your In-Network Physician to coordinate care through an Out-of-Network provider.

Provider Directory Information

Each covered Employee, COBRA participant, and Child or guardian of a Child who is considered an alternate recipient under a Qualified Medical Child Support Order will automatically be given or electronically provided a separate document, at no cost, that lists the participating Network providers for this Plan. The Employee should share this document with other covered individuals in their household. If a covered spouse or Dependent wants a separate provider list, they may make a written request to the Plan Administrator. The Plan Administrator may make a reasonable charge to cover the cost of furnishing complete copies to the spouse or other covered Dependents.

CONTINUITY OF CARE

You or Your Dependents have the option of requesting extended care from Your current health care provider or facility if the provider or facility is no longer working with Your health Plan and is no longer considered In-Network. Retiree-only plans are not subject to the Continuity of Care requirements.

The In-Network benefit level may continue for up to 90 days or until You no longer meet the criteria below, whichever is earlier, despite the fact that these expenses are no longer considered In-Network due to provider or facility termination from the Network. In order to be eligible, You or Your Dependents must have been, and must continue to be, under a treatment plan by a provider or facility who was a member of the participating Network. You must also be one of the following:

- An individual undergoing a course of treatment for a serious and complex condition that is either:
 - An acute illness, meaning a condition serious enough to require specialized medical care to avoid the reasonable possibility of death or permanent harm.
 - A chronic illness or condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time.
- An individual undergoing Inpatient or institutional care.
- An individual scheduled for non-elective surgical care, including necessary postoperative care.
- An individual who is pregnant and being treated.
- An individual who is terminally ill and receiving treatment for such illness by a provider or facility.

To obtain a Continuity of Care form that You and Your provider will need to complete for the request to be considered, call the number on the back of Your ID card or access the benefit portal.

COVERED MEDICAL BENEFITS

This Plan provides coverage for the following covered benefits if services are authorized by a Physician or other Qualified Provider, if applicable, and are necessary for the treatment of an Illness or Injury, subject to any limits, maximums, exclusions, or other Plan provisions shown in this SPD. The Plan does not provide coverage for services if medical evidence shows that treatment is not expected to resolve, improve, or stabilize the Covered Person's condition, or if a plateau has been reached in terms of improvement from such services.

In addition, any diagnosis change for a covered benefit after a payment denial will not be considered for benefits unless the Plan is provided with all pertinent records along with the request for change that justifies the revised diagnosis. Such records must include the history and initial assessment and must reflect the criteria listed in the most recent International Classification of Diseases (ICD) or Diagnostic and Statistical Manual (DSM) for the new diagnosis, or, if in a foreign country, must meet diagnostic criteria established and commonly recognized by the medical community in that region.

After requesting the consultation the Covered Person will enter the waiting room and a provider will join the consultation. If necessary, the provider will write a Prescription. Dermatologist visits may be requested with a dermatologist during select times as determined by OC24health.

The OC24health Dermatology Services Program treats complex/ongoing issues such as:

- Acne
- Rashes
- Shingles
- Psoriasis

- Suspicious moles

Behavioral Health Program

The Behavioral Health Program includes access to behavioral health providers who provide behavioral health consultations to Covered Persons by telephone or video conference. The Behavioral Health Program offers Covered Persons ongoing access to behavioral diagnostic services, talk therapy, and prescription medication management, when appropriate. The behavioral health providers are selected and engaged to provide behavioral health clinical intake assessments in accordance with behavioral health protocols and guidelines that are tailored to the telehealth industry.

Behavioral Health Consultations: In order for a Covered Person to receive a behavioral health consultation under this program, the Covered Person must complete a Medical History Disclosure and an assessment that is specific to the Behavioral Health Program. This disclosure may be completed either online or by telephone with a designated Behavioral Health Program representative. In addition, the Covered Person must also agree to OC24health's Informed Patient Consent and Release Form confirming an understanding that the behavioral health provider is not obligated to accept the Covered Person as a patient. If the Covered Person fails to complete the Medical History Disclosure, the Covered Person will not have access to the behavioral health providers through the Behavioral Health Program.

Scheduling: OC24health will provide the Covered Person with information identifying each behavioral health provider's licensure, specialties, gender, and language, and will provide sufficient biographical information on each behavioral health provider to allow the Covered Person to choose the provider from whom they wish to receive treatment. The Covered Person may schedule consultations through either OC24health's website or the mobile platform. When scheduling a subsequent consultation, the Covered Person may choose to receive the consultation from the same provider or from a different behavioral health provider. There are no limitations on the number of behavioral health consultations a Covered Person may receive under the Behavioral Health Program.

Individual Sessions: The initial behavioral health consultation is expected to be 45 minutes in length, on average, followed by subsequent psychiatric visits that will be shorter in length. At the beginning of the behavioral health consultation, the Covered Person will be required to complete a brief intake assessment before proceeding with the session. A behavioral health provider may determine that the treatment of a Covered Person's particular behavioral health issue would be managed more appropriately through in-person therapy. In such a case, the behavioral health provider will encourage the Covered Person to make an appointment for an in-person visit.

Clarifications: Unlike the consultations provided under the general medicine program, the behavioral health consultations under the Behavioral Health Program:

- Are not accessible 24 hours per day, 365 days per year. Rather, a Covered Person must schedule a behavioral health consultation with a behavioral health provider and the consultation must occur within a time period for which the behavioral health provider is scheduled to support the Behavioral Health Program.
- Are not intended to be cross-coverage consultations. Rather, the Behavioral Health Program is designed to make behavioral health providers available by telephone or video conference even when another behavioral health counselor is available to the Covered Person for an in-person visit.
- Are not intended to be provided in Emergency situations.
- Are currently not available to Covered Persons who are minors.

PRESCRIPTION DRUG BENEFITS

Administered by TrueRx

Note: UMR (the claims administrator) does not administer the benefits or services described within this provision. Please contact the benefit manager or Your Employer with any questions related to this coverage or service.

Note: The Medicare Prescription Drug Improvement and Modernization Act of 2003 provides all Medicare-eligible individuals the opportunity to obtain Prescription Drug coverage through Medicare. A Medicare-eligible individual generally must pay an additional monthly premium for this coverage. In addition, electing Medicare Part D may affect Your ability to obtain Prescription coverage under this Plan. Individuals may be able to postpone enrollment in the Medicare Prescription Drug coverage if their current drug coverage is at least as good as Medicare Prescription Drug coverage. If individuals decline Medicare Prescription Drug coverage and do not have coverage at least as good as Medicare Prescription Drug coverage, they may have to pay additional monthly penalties if they change their minds and sign up later. Medicare-eligible individuals should have received notices informing them of whether or not their current Prescription Drug coverage provides benefits that are at least as good as benefits provided by the Medicare Prescription Drug coverage and explaining whether or not election of Medicare Part D will affect coverage available under this Plan. For a copy of this notice, please contact the Plan Administrator.

Covered Drugs

Your Prescription Drug benefit provides coverage for most commonly used drugs that are Federal Legend Drugs. Federal Legend Drugs are drugs that require a label stating, "Caution: Federal law prohibits dispensing without a Prescription." Your pharmacist or the prescribing Physician can verify coverage for a drug by contacting the Pharmacy Benefit Manager (PBM) at the number on Your Prescription ID card. A complete list of covered and excluded drugs may be available on the Pharmacy Benefit Manager's website. If You are unable to access the website, Your employer will provide a copy upon request at no charge.

How to Use the Prescription Drug Card

Present Your ID card and the Prescription to a Participating Pharmacy. Then sign the pharmacist's voucher and pay the pharmacist the appropriate Co-pay amount, if applicable.

If You are without Your prescription ID card or if You are at a non-Participating Pharmacy, You may be required to pay for the Prescription and submit a claim to the PBM. Please contact the PBM or Your employer for information on how to submit a claim.

Home Delivery Drug Service

If You are using an ongoing Prescription drug, You may purchase that drug on a home delivery basis. Most drugs covered by the PBM may be purchased through the home delivery service. The home delivery drug service is most often used to purchase drugs that treat an ongoing medical condition and are taken on a regular basis.

There may be a Co-pay for home delivery Prescriptions.

Home delivery Prescriptions should be sent to the PBM. Order forms may be available on the PBM's website or from Your employer. All Prescriptions will be mailed directly to Your home.

A directory of Participating Pharmacies is available on the PBM's website. You will also be automatically provided a copy of the pharmacy directory at no charge. The pharmacy directory is a document that is separate from this SPD. The directory contains the names, addresses, and phone numbers of the pharmacies that are part of the PBM's program.

MSD of WAYNE PRESCRIPTION DRUG PLAN

This Schedule of Benefits (“Schedule of Benefits”) provides you with information about your benefits under the Prescription Drug Plan, including information about certain Co-Payments and/or Co-insurance. More specific information about the Prescription Drug Plan is found throughout this document.

Each Covered Person is responsible for paying the applicable Deductible amount before the Prescription Drug Plan will begin to pay benefits. The Deductible is an amount in addition to any Co-Payment or Co-Insurance that may be payable under the Prescription Drug Plan. Each Covered Person and/or family unit must fulfill the applicable Deductible, generally before any Co-Payment or Co-Insurance applies.

The Prescription Drug Plan offers maximum out-of-pocket amounts as well. The out-of-pocket maximums are integrated under the Plan and include your out-of-pocket amounts expended under the group health plan and under this Prescription Drug Plan. The Prescription Drug Plan has an “embedded” OOP max. This means each covered family member only needs to satisfy his or her individual out-of-pocket maximum as it accumulates under the Health Care Plan, but not the entire family accumulator. These amounts include health care out-of-pocket payments as well as prescription drug out-of-pocket payments.

You will also be responsible for paying any required Co-Payment or Co-Insurance on the medications covered under the Prescription Drug Plan. A Co-Payment is a fixed amount that a Covered Person is required to pay for a Prescription in accordance with the Prescription Drug Plan. Co-Insurance is a percentage of the Prescription price, that the Covered Person is required to pay under the Prescription Drug Plan. The Co-Payments and Co-Insurance for the Prescription Drug Plan are stated in the Schedules Below.

The term "Brand Medication" means a Prescription Medicine identified by True Rx based on criteria provided by nationally-recognized source(s) of prescription drug pricing information, as appropriate as a non-generic product, that is also not a Specialty or Orphan Drug.

FORMULARY MEDICATION

The Term Formulary Medication means a Medication set forth on the Formulary Drug List. This list is updated and revised by True Rx from time to time to include new drugs, generic equivalents and drugs removed from the market or made available over the counter. A current version of the Preferred Drug List may be found at: <http://True Rx.com/formulary/>.

GENDER DYSPHORIA

Distress that is caused by a discrepancy between a person's gender identity and that person's sex assigned at birth (and the associated gender role and/or primary and secondary sex characteristics).

GENERIC MEDICATION

The term "Generic Medication" means a generic (*i.e.*, non-Brand Medication, non-Specialty Medication) as identified by True Rx based on criteria provided by nationally-recognized source(s) of prescription drug pricing information, as deemed appropriate by TrueRx.

MEDICINE or MEDICATION

The term "Medicine or Medication means a substance or preparation that alleviates or treats an illness or injury and may be available by Prescription only or over-the-counter (OTC). Medicine and Medications include only substances and preparations that qualify as medical care under Section 213 of the Internal Revenue Code. In general, medical care means care for the diagnosis, cure, mitigation, treatment, or prevention of disease or for the purpose of affecting any structure or function of the body.

NON-PRESCRIPTION MEDICATION

The term "Non-prescription Medication" means an over-the-counter (OTC) Medication or supply, normally purchased without a prescription and which is pre-packaged for use by the consumer and labeled in accordance with the requirement, statutes, and regulations of federal and applicable state governmental authorities,

ORPHAN DISEASE

The term "Orphan Disease" means a condition that affects fewer than 200,000 people nationwide. This includes diseases as familiar as cystic fibrosis, Lou Gehrig's disease, and Tourette's syndrome, and as unfamiliar as Hamburger disease, Job syndrome, and acromegaly, or "gigantism."

ORPHAN DRUG

The term "Orphan Drug" means a pharmaceutical agent that has been developed specifically to treat an Orphan Disease or other rare medical condition, and for purposes of this definition, the drug must also be included on the True Rx Specialty Drug List. There are some drugs that may be designated as an "Orphan Drug" but are not included on the True Rx Specialty Drug List and are therefore not excluded from the Plan.

PARTICIPATING PHARMACY

A retail pharmacy that contracts with True Rx. Participating Pharmacies may be found through the True Rx Pharmacy Locator at <http://True Rx.com/pharmacy-locator/> or by calling the True Rx Customer Service Team at (866) 921-4047. Benefits under the Prescription Drug Plan are generally more favorable when Medications are obtained through a Participating Pharmacy.

PREFERRED DRUG LIST OR FORMULARY

The True Rx Preferred Drug List is a list of Generic and Brand Medications that your Prescription Drug Plan covers as amended by True Rx from time to time. This list excludes Specialty Drugs. A current copy of the Preferred Drug List may also be obtained at: <https://True Rx.com/formulary/>, or by calling the Customer Service Team at (866) 921-4047.

PRESCRIPTION

Any order authorized by a medical professional for a Prescription or non-prescription drug that could be a medication or supply for the person for whom it is prescribed. The Prescription must be compliant with applicable laws and regulations and identify the name of the medical professional and the name of the person for whom it is prescribed. It must also identify the name, strength, quantity, and directions for use of the medication or supply prescribed.

SPECIALTY DRUG

The term "Specialty Drug" means certain pharmaceuticals and/or biotech or biological drugs that are high-cost/high technology and are used in the management of chronic or genetic disease, including, but not limited to, injectable, infused or oral Medications, or that otherwise require special handling, dispensing conditions or monitoring, delivered by any means including by purchase at a pharmacy and processed for payment by the pharmacy benefit manager or an Outpatient basis from a provider or facility or purchased directly by the Covered Person. For this purpose, the term "Specialty Drug" means any injectable or non-injectable drug that is on the Pharmacy Benefit Manager's list of Specialty Drugs as it determines such list from time to time. Specialty drugs may be found by selecting the appropriate formulary at the following website <https://True Rx.com/formulary/>, or by calling the Customer Service Team at (866) 921-4047.

TRUE CODES

Several medications are assigned billing codes which are used for the purpose of billing medical plans for reimbursement for a drug. Some drugs involve more complex administration than a patient is typically able to provide for themselves. These claims often have limited information regarding dose or quantity of the drug being administered. True Codes is the process of evaluating the medications for potential cost-reduction of the treatment. This may involve evaluating the appropriateness of the medication to be given in an alternative site of care, such as home infusion or alternative infusion center, and/or evaluating the cost of the medication if it was processed through the pharmacy benefit instead of the medical benefit.

The Prescription Drug Plan may, in its sole discretion, establish quantity guidelines for specific Prescription Medications or other items. Prior Authorization may be required for certain Medications.

About the Formulary Drug List:

The Formulary Drug List is a guide for Covered Persons and their Physicians. Generic Medications should always be considered first. If there is no Generic Medication available, there may be more than one Brand Medication to treat a condition. These preferred Brand Medications are listed on the Formulary Drug List to help identify products that are clinically-appropriate and cost-effective. The Formulary Drug List identifies drugs in three tiers with Tier 1 medicines requiring the lowest Co-Payments or Co-Insurance. The amount you pay depends on the drug your doctor prescribes. Higher tier Medicines require greater Co-Payments or Co-Insurance. **Make sure your doctor knows that you pay more for Tier 2 and 3 drugs.**

- **Tier 1: Generics** – You pay the lowest cost for drugs in this level.
- **Tier 2: Preferred Brands** – You pay a slightly higher cost for drugs in this level.
- **Tier 3: Non-Preferred Brands** – You pay the highest cost for drugs in this level.

The Formulary Drug List used by your plan is the True Rx "Exclusive" Formulary. The Formulary Drug List represents:

- Brand Medications (Tier 2 and 3)
- Generic Medications (Tier 1)

Any Brand Medication for which a Generic Medication becomes available may be designated as a non-preferred Brand Medication. You may obtain a current version of the Formulary Drug List at: <https://TrueRx.com/formulary/>, or by calling the Customer Service Team at (866) 921-4047.

Information About Generic Medications

Generic Medications contain the same active ingredients in the same amount as Brand Medications, but may not otherwise resemble the Brand Medication, name or packaging. Generic Medications are widely seen as one of the best ways to save money on Prescription Medicines and are as safe and effective as Brand Medications, but on average cost about 30 percent to 80 percent less. Here are some important facts about Generic Medications:

All Generic Medications that have been approved for substitution have been reviewed by the FDA and found to be as safe and effective as the equivalent Brand Medication.

The companies who make Generic Medications must meet the same FDA manufacturing and quality standards as those that make Brand Medications. Generic Medications usually cost much less because their manufacturers do little advertising and did not have to invest in the original research, development, and testing of them. A Generic Medication will be a different color or shape but is the same as the Brand Medication in:

- strength (number of milligrams, etc.)
- dosage form (pill, liquid, cream, etc.)
- quality
- active ingredient
- effectiveness (how it works in the body)

Only your Physician can decide what's best for you, but be sure to ask about your generic options. Ask your Physician or other Prescriber to approve generic substitution whenever appropriate. You can use these FDA-approved products with confidence and the knowledge that you are saving money.

Information About Preferred Brand Medications

Preferred Brand Medications are safe and effective choices that the Prescription Drug Plan identifies for consideration. They usually are available at a lower cost than non-preferred Brand Medications. If there is no Generic Medication equivalent available for your Prescription Medicine, ask your Prescriber to consider prescribing a Brand Medication from the Preferred Drug List. Preferred Brand Medications and Generic Medications are identified as such on the applicable portion of the Preferred Drug List (see page of Preferred Drug List captioned "Preferred Brand Medications/Generic Medications List").

Clinical Trial Coverage

The Prescription Drug Plan will not: (a) deny a Qualified Individual participation in an Approved Clinical Trial; (b) deny (or limit or impose additional conditions on) the coverage of Routine Patient Costs for items and services furnished in connection with participation in an Approved Clinical Trial that would otherwise be covered by the Prescription Drug Plan; or (c) discriminate against a Qualified Individual on the basis of the Qualified Individual's participation in an Approved Clinical Trial. If one or more in-network providers is participating in an Approved Clinical Trial, the Prescription Drug Plan may require that a Qualified Individual participate in the Approved Clinical Trial through such a provider if the provider will accept the Qualified Individual as a participant in the Approved Clinical Trial, unless the Qualified Individual is participating in an Approved Clinical Trial that is conducted outside the state in which the Qualified Individual resides.

Prior Authorization

Prior Authorization ensures that a high quality, cost effective and Medically Necessary method of treatment has been selected for the Covered Person's Illness or Injury. In most cases, Prior Authorization occurs before a Medication is prescribed and dispensed. Certain services and Medication preparations and/or Medications for certain disease states will require Prior Authorization as determined by True Rx in its absolute discretion from time to time.

To obtain Prior Authorization, the Covered Person or the Physician must provide True Rx's Customer Service Team, (866) 921-4047, with the appropriate medical information prior to obtaining the proposed medicines, supplies, or services. Even though a physician may directly request a prior authorization on behalf of a Covered Person, *it remains the ultimate responsibility of the Covered Person to ensure necessary Prior Authorizations are obtained.* The information must be received by True Rx at least one (1) working day before the medicines, supplies, or services are dispensed or provided.

When Prior Authorization is obtained, Covered Expenses will be reimbursed for the Covered Person. If Prior Authorization is not obtained, the Covered Person may be subject to a benefit reduction if the benefit is covered at all. Covered Expenses remaining after this reduction will be paid according to the Prescription Drug Plan provisions listed in the Schedule of Benefits.

If a Covered Person fails to obtain Prior Authorization for care which requires Prior Authorization, the Covered Person will be financially responsible for the full cost of the medication. The Covered Person will be financially responsible for the entire bill(s) and the cost of the Medication will not be applied to the Covered Person's Co-Payment, Co-Insurance, or Deductible.

Important Note: Prior Authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all of the terms of the Prescription Drug Plan.

When you visit your Physician or other Prescriber:

- Bring this guide or a copy of the Preferred Drug List with you to appointments to discuss coverage limitations or alternatives to Brand Medications.
- Let your Physician or other Prescriber know that you are interested in using Prescription Medicines that are appropriate for you and cost-effective.
- If you need a Prescription, ask for a Generic Medication and ask your Physician or other Prescriber to authorize generic substitution, when medically appropriate.
- Make sure your Physician or other Prescriber indicates the number of refills on the Prescription, if appropriate.
- If your Physician or other Prescriber tells you that you will be taking certain Medicine for a long time, ask for both a short-term Prescription and a long-term Prescription.

Other ways to save on prescription costs:

If you have Prescriptions at a non-Participating Pharmacy, you will probably save money by having your Prescription transferred to a True Rx Participating Pharmacy. To do this, contact a True Rx Participating Pharmacy or the Customer Service Team and tell the Pharmacist where your Prescription is currently on file. If possible, have your Prescription bottle with you when you make the call so you can answer any questions. The Pharmacist will contact the non-Participating Pharmacy and make the transfer for you. When you pick up the Prescription, bring along your benefit information so that the Pharmacist can verify your Prescription Drug Plan coverage. You may also ask your prescriber to write a new prescription for you to take to the Participating Pharmacy, or your prescriber can call the prescription in for you.

True Advocate

For those employees with prescription drugs that may no longer be covered under the Plan, we have retained True Rx's prescription drug advocate services, True Advocate, that will work with our employees to assist them in obtaining the prescription drugs that they need.

True Codes

Certain prescription drug services will be subject to a True Codes review. True Codes may be either prospective, with a process established with the Plan Administrator to provide prior authorization and review of the claim before treatment begins, or retrospective, to identify ongoing claims that may be of cost-savings potential through an alternative site of care and/or providing the medication through the pharmacy benefit.

True Codes involves a review of a Covered Person's records, identifying code medication, evaluating appropriateness of the medication to be given at alternative sites of care, and evaluating the cost of the medication through the pharmacy benefit.

The Plan Administrator or a third party, hired by The Plan Administrator, will identify Covered Persons eligible for True Codes based on parameters such as complexity of the medication treatment. Once Covered Persons are identified, additional information such as the Covered Person's weight, diagnosis, or dose may be requested. Upon evaluation, a determination may be made to adjust the medication source or site of treatment. In addition to this review, True Rx Health Strategists shall provide, the Third Party Administrator, a list of medications that meet the criteria of this program and the drugs on said list shall automatically be excluded from the Plan's medical benefits and provided by the Plan's pharmacy benefits in accordance with this "Case Management" Section.

The Plan Administrator has, at its sole and exclusive discretion, the authority to select and require a Covered Person to receive treatment from an alternative site of care, qualified to administer the medication in accordance with generally accepted standards of care for the medication, at a more reasonable cost. Services received from site of care not selected and/or approved by the Plan Administrator shall not be covered by the Plan. If a Covered Person obtains drug administration services at a site of care that is not approved by the Plan Administrator, the Covered Person will be responsible for 100% of the cost of those drugs and services, and they will not be covered under this Plan. Any amounts that a Covered Person spends at non-approved sites of care will not count toward any applicable deductibles or out-of-pocket maximum limits related to the Plan.

Accessing Your Benefits

How To Get Your Prescription Filled Or Refilled

Using a True Rx Participating Pharmacy, rather than a non-Participating Pharmacy, is generally more convenient and less expensive for you. Participating Pharmacies can easily access information about the Prescription Drug Plan and the appropriate payment. You will not need to file any additional paperwork when you use a True Rx Participating Pharmacy.

How to fill or refill your Prescription at a retail pharmacy:

To locate a True Rx Participating Pharmacy near you, visit <http://www.true-rx.com/pharmacy-locator.html>, or call the True Rx Customer Service Team at (866) 921-4047.

At the retail pharmacy, present your Prescription along with your Prescription Benefit Card. If your Prescriber has ordered refills, let the Pharmacist know you are ready to reorder. Make sure that the Pharmacist has accurate information about you and your Dependents who are covered under the Prescription Drug Plan, including dates of birth and gender.

The Pharmacist will look up your Prescription Drug Plan benefit information on the computer to verify coverage and dispense the Prescription. If you do not present your Prescription Benefit Card at the time your Prescription is filled, or if you are having your Prescription filled at a non-Participating Pharmacy, you will be asked to pay 100% of the Prescription price. Then, you will need to submit a paper Claim form to True Rx, along with the original Prescription receipt(s), for reimbursement of your Prescription expenses (to the extent those expenses are covered by this Prescription Drug Plan). In most cases, you will pay more for your Prescription if you use a pharmacy that is a non-Participating Pharmacy. You can obtain a paper Claim form at <http://True Rx.com/true-rx-drug-claim-form/> or by calling the True Rx Customer Service Team at (866) 921-4047.

How To File A Claim For Benefits

Claims may be submitted to True Rx by submitting a completed Claim form and related documentation by mail to True Rx at the address printed on the Claim form. You can obtain a paper Claim form at <http://True Rx.com/true-rx-drug-claim-form/>, or by calling the True Rx Customer Service Team at (866) 921-4047.

To submit a Claim, fill out the Claim form completely and attach copies of receipts for any Medications listed on the Claim form, then mail the completed form to True Rx at the address specified on the Claim form. Claims must be received by True Rx within one year after the Prescription is filled. Once True Rx receives the Claim form, the Claim will be processed within six weeks thereafter.

Claim Appeal Process

Overview

True Rx acts as the Claims Administrator under the Prescription Drug Plan and conducts day-to-day processing of claims and appeals under the Prescription Drug Plan. With respect to any claim determination, the Claims Administrator has full and absolute discretionary authority with respect to all determinations under the Prescription Drug Plan, including the determination of facts, the interpretation of the Prescription Drug Plan and/or its terms, and with respect to all factual and legal decisions and determinations under this Prescription Drug Plan. This discretionary authority is to be interpreted in the broadest sense permitted under the law. Under the Prescription Drug Plan, the Plan Administrator has the right to notify the Claims Administrator that it is exercising its role as named fiduciary and that the Plan Administrator is taking over a claim determination from the Claims Administrator. Such determination will be made in writing and in such case, the Claims Administrator is no longer responsible for any such claim determination and will follow the direction of the Plan Administrator. In the event that the Plan Administrator takes over a claim determination, the Plan Administrator shall have full and absolute discretionary authority with respect to all determinations under the Prescription Drug Plan, including the determination of facts, the interpretation of the Prescription Drug Plan and/or its terms, and with respect to all factual and legal decisions and determinations under this Prescription Drug Plan. This discretionary authority is to be interpreted in the broadest sense permitted under law. In the event that an External Review is involved in such a determination, the Claims Administrator and/or Plan Administrator shall defer to the External Review, consistent with the law.

Initial Claim for Benefits. For the initial claim, the following shall apply:

Filing of Claim. A claim for benefits under the Plan will be filed in writing with the Claims Administrator, unless the Plan Administrator has taken over a claim as referenced above. The reference herein to the Acting Administrator is as it is defined and refers to the Claims Administrator, unless the Plan Administrator has taken over a claim determination, as referenced above.

Notice of Denial. If a claim for benefits under the Plan is wholly or partially denied, the Acting Administrator will, within 30 days after receipt of the claim, notify the Claimant of the denial of the claim. Such 30 day period may be extended for no more than an additional 15 days if Acting Administrator determines that an extension of time for processing the claim is necessary due to matters beyond the control of the Plan, in which case Acting Administrator will notify the Claimant of the extension in writing within the initial 30 day period, and such notice of extension will indicate the circumstances requiring the extension and the date by which Acting Administrator expects to render its decision.

Special Rules for Urgent Medical Plan Claims. Urgent health claims will be decided as soon as possible within 72 hours rather than within 30 days. The 72-hour deadline may not be extended. An urgent health claim is any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations: (a) could seriously jeopardize the life or health of the Claimant or the ability of the Claimant to regain maximum function, or (b) in the opinion of a physician with knowledge of the Claimant's medical condition, would subject the Claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Special Rules for Pre-Service Health Claims. Pre-service health claims will be decided within 15 days rather than 30 days. The 15-day deadline may be extended by an additional 15 days. A pre-service health claim is any claim for a benefit with respect to which Plan terms condition receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care.

Disability and Other Claims. In the unlikely event the claim relates to a Disability, Disability claims will be decided within 45 days rather than 30 days. The 45-day deadline may be extended twice, each extension adding no more than 30 days to the prior deadline.

Extension. If an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension will specifically describe the required information, and the Claimant will be afforded 45 days from receipt of the notice within which to provide the specified information.

Notice of Denial. A notice of denial will be (a) in writing (or in electronic form); (b) written in a way to be understood by the Claimant; and (c) contain:

- the specific reason or reasons for denial of the claim;
- references to the specific Plan provisions upon which the denial is based;
- a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- an explanation of the claim review procedure and the time limits applicable to such procedures, in accordance with the provisions of this Claim and Appeal Procedure; and
- a statement of the Claimant's right to bring a civil action under Section 502(a) of ERISA if the claim is denied upon review.

Appeal of Decision - Request for Review of Denial. The Claimant may, within 180 days after receiving a written notice of denial of the claim, file a written request with the Acting Administrator that it conduct a full and fair review of the denial of the claim. The Acting Administrator will:

- provide the Claimant with the opportunity to submit written comments, documents, records and other information relating to the claim;
- provide the Claimant, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the claim;
- effect a review of the denial that takes into account all comments, documents, records and other information submitted by the Claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination;
- provide a review that (a) does not afford deference to the initial adverse benefit determination, (b) is conducted by a plan fiduciary (the "reviewing fiduciary") who did not make the adverse benefit determination and who is not the subordinate of the individual who made the adverse benefit determination;
- provide that the reviewing fiduciary will, before deciding an appeal based in whole or in part on a medical judgment, consult with a health care professional having appropriate training and experience, who was not involved with the adverse benefit determination and is not the subordinate of any such individual; and
- provide for the identification of any medical expert whose advice was obtained on behalf of the plan in connection with a Claimant's adverse benefit determination (regardless of whether the advice was relied upon).

Decision on Appeal. The Acting Administrator will deliver to the Claimant a decision in writing (or in electronic form) on the appeal within 60 days after the receipt of the Claimant's request for review. The initial deadline may be extended by an additional period of sixty (60) days, upon written notice to the claimant. Decision on Appeal deadlines for the following categories of claims are subject to special timing considerations below:

- Urgent health appeals will be decided within 72 hours rather than 60 days.
- Pre-service health appeals will be decided within 30 days rather than 60 days.
- Disability and other appeals will be decided within 45 days rather than 60 days.

Extensions of time for response on any appeal may be granted upon notice to the claimant in writing and the deadline is an additional period of the same number of days for the initial period.

Final Determination. The Acting Administrator's written decision will:

- be written in a manner calculated to be understood by the Claimant;
- include the specific reason or reasons for the decision and contain references to the specific Plan provisions upon which the decision is based;
- state that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claimant's claim for benefits; and
- state the Claimant may have a right to bring a civil action Section 502(a) of ERISA.

External Review (Only applies to Non-Grandfathered Plans.)

Voluntary External Review. This is a special default language for a procedure that applies only if the medical plans referenced in the Constituent Benefit Programs are non-grandfathered plans, or if they lose such status. In such a case, there is a voluntary external review process that applies, if after exhausting the two levels of appeal (when required), you are not satisfied with the final determination. Voluntary external review only applies to the denial of medical, mental health/substance abuse, prescription drug, certain dental, or vision claim denials if the denial is based on one of the following:

- Clinical reasons based upon medical judgment, including medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or if a treatment is experimental or investigational; or
- Rescission (retroactive termination) of care.

External review does not apply with respect to claims based upon the eligibility of a Participant or a Dependent, or with respect to whether a particular claim involves a covered product or service.

If you have any questions regarding the External Review, you may contact the Acting Administrator for more information about whether or not the voluntary external review program is available to you.

Request for External Review. A request for an external review generally must be made within four months following the day that you receive notice of the denial on appeal. Also, you can request an expedited external review as described Expedited External Review below.

Preliminary Review. Within five business days of receiving your request for external review, the Acting Administrator will complete a preliminary review, which determines:

- if you were covered under the Plan at the time of service;
- that the review does not relate to your eligibility to participate in the Plan;
- that your review meets the criteria for external review stated above;
- that you completed the Plan's internal appeals process to the extent required; and
- that you have provided all necessary information and forms for processing an external review.

You are not eligible for an External Review if the Claims Administrator determines that you have not met all of the above requirements. Within one business day after the initial review of your request, the Acting Administrator may provide you with a notice that includes the reasons your request does not meet the requirements for an External Review and contact information for the Employee Benefits Security Administration. The notice will describe information or materials needed to complete your request, if applicable.

Your deadline to complete the request is the end of the four-month period described above or, if later, 48 hours after you receive the notice that the request was not complete. If your request is expedited, the Acting Administrator will immediately consider the above criteria and notify you of the determination as described in Expedited External Review below.

External Review by an Independent Review Organization (IRO). If your request qualifies for external review, it will be assigned to one of the qualified Independent Reviewer Organizations (IRO) with which the Acting Administrator has a contract. Within five business days after assigning the request to the IRO, the Acting Administrator will provide the IRO with the documents and information that were considered in the denial. If the Acting Administrator does not provide this information, the IRO may end the external review and reverse the Acting Administrator's decision. If this occurs, the IRO will notify you and the Acting Administrator within one business day of this action.

The IRO will give you written notice of the request's acceptance for external review. The notice will include a statement that you have 10 business days to submit additional written information. The IRO will consider this information in its review. The IRO also may agree to consider additional information submitted after 10 business days. Within one business day after receiving additional information from you, the IRO will forward the information to the Acting Administrator. The Acting Administrator may reconsider the denial on appeal based on this additional information. If the Acting Administrator decides to reverse the denial on appeal and provide coverage or payment, written notice will be provided to you and to the IRO within one business day of the decision. The IRO's external review will end if this notice is received.

If the Acting Administrator does not provide any notice of reversal of the decision, the IRO will review all information and documents submitted by the deadline. The IRO must review each claim without being bound by or subordinate to any decisions or conclusions reached during the entire prior claims and appeals process.

In addition to the documents and information provided by you and the Claims Administrator, the IRO will consider the following information or documents if they are available and the IRO considers them appropriate:

- Your medical records;
- Your attending health care professional's recommendation;
- Reports from appropriate health care professionals and other documents submitted by the Claims Administrator, you or your treating provider;
- Plan terms unless the terms are inconsistent with applicable law;
- Appropriate practice guidelines, which include applicable evidence-based standards;
- Any applicable clinical review criteria developed and used by the Claims Administrator, unless the criteria are inconsistent with Plan terms or applicable law; and
- The opinion of the IRO's clinical reviewer(s) after considering the information described above to the extent the information or documents are available and the clinical reviewer(s) consider appropriate.

The IRO will provide written notice of the decision to you and the Claims Administrator within 45 days after the IRO receives your request. This notice may contain, if relevant:

- A general description of the reason for the request and information that identifies the claim such as the date(s) of service, health care provider, claim amount (if applicable);
- A statement describing the availability, upon request, of the diagnosis code and/or treatment code (and their corresponding meanings);
- The reason of the prior denial;
- The date the IRO received the request and the date of the decision;
- References to the evidence or documents (including the specific coverage provisions and evidence-based standards) considered in reaching the decision;
- A discussion of the principal reason(s) for the decision, including the rationale for the decision and any evidence-based standards that were relied on in making the decision;

- A statement that the IRO's determination is binding, unless other remedies are available under state or federal law;
- A statement that judicial review may be available to you; and
- The phone number and other current contact information for any applicable office of health insurance consumer assistance or ombudsmen.

If the Acting Administrator receives notice from the IRO that reverses a denial, the Acting Administrator will immediately provide or authorize coverage for or payment of the claim. The IRO will maintain records of all claims and notices associated with the outside review process for six years and make these records available for examination by you, the Claims Administrator or a state or federal oversight agency upon request (except where disclosure would violate state or federal privacy laws).

Expedited External Review. An urgent care claim or urgent health appeal is determined as such by the attending provider. In such case, for notification of the Plan's benefit determination (whether adverse or not) must be completed as soon as possible, taking into account the medical exigencies, but not later than 72 hours after the receipt of the claim.

Authorized Representative. The Acting Administrator will permit an authorized representative of the Claimant to act on behalf of the Claimant under this claim and appeal procedure. The Acting Administrator may establish reasonable procedures for determining whether an individual who purports to be an authorized representative of a Claimant has in fact been authorized to act on behalf of such Claimant.

Administrative Processes and Safeguards. The Acting Administrator will develop such administrative processes and safeguards as it deems necessary to ensure and verify that claim determinations are made in accordance with the Plan and other governing documents, if any, and that where appropriate, the provisions of the Plan have been applied consistently with respect to similarly situated Claimants.

Time Limit to Appeal Denial of a Claim Will Be Strictly Enforced. The limits for a Claimant to file an appeal after an initial denial of a Claim for benefits and to file a final appeal will be strictly enforced. If a Claim is initially denied and the Claimant does not request a review within the time limit after receipt of that determination, the Claimant will forfeit his or her right to request a review of this determination.

- If a Claimant does not make an appeal within the time limit after receipt of the determination on the initial determination, the Claimant will forfeit his or her right to final appeal.
- Also, if a Claimant does not make a final appeal within the time limit after a determination, the Claimant will lose his or her right to file an action in federal or state court because the Claimant will not have exhausted his or her administrative remedies.

One Year Limit to File a Legal Action. If the Acting Administrator denies a Claim on appeal, the Claimant has the right to file suit in federal court under ERISA Section 502(a). However, no legal action for recovery of benefits allegedly due under the Prescription Drug Plan may be commenced by or on behalf of a Claimant against the Prescription Drug Plan, the Acting Administrator or any other Plan fiduciary, Claims Administrator or other Third Party Administrator unless it is filed within one year after the date of the final determination by the Acting Administrator under the Claims Appeal Procedure described herein.

Confidentiality

All Appeal documentation of the Covered Person and the Company is handled in a confidential manner and in accordance with applicable statutes and regulations, including without limitation HIPAA, to protect the Covered Person's identity and his or her Prescription history. To promote confidentiality of the Covered Person's information, all Appeal information becomes part of a permanent case file.

Benefits are based on the Protection from Balance Billing allowed amount, the Usual and Customary amount, the maximum fee schedule, or the Negotiated Rate.

COVERED BENEFITS

Inpatient Services means services provided at a Hospital or facility accredited by a recognized accrediting body or licensed by the state as an acute care psychiatric, chemical dependency, or dual-diagnosis facility for the treatment of Mental Health Disorders. Such a program must be a less restrictive alternative to Inpatient treatment.

Outpatient Therapy Services are covered. The services must be provided by a Qualified Provider.

ADDITIONAL PROVISIONS AND BENEFITS

- Any diagnosis change after a payment denial will not be considered for benefits unless the Plan is provided with all pertinent records along with the request for the change that justifies the revised diagnosis. UMR CARE: CLINICAL ADVOCACY RELATIONSHIPS TO EMPOWER

Utilization Management

Utilization Management is the process of evaluating whether services, supplies, or treatment is Medically Necessary and are appropriate level of care. Utilization Management can determine Medical Necessity, shorten Hospital stays, improve the quality of care, and reduce costs to the Covered Person and the Plan. The Utilization Management procedures include certain Prior Authorization requirements.

The benefit amounts payable under the Schedule of Benefits of this SPD may be affected if the requirements described for Utilization Management are not satisfied. Covered Persons are responsible for ensuring the provider calls the phone number on the back of the Plan identification card to request Prior Authorization at least two weeks prior to a scheduled procedure in order to allow for fact gathering and independent medical review, if necessary.

Special Note: The Covered Person will not be penalized for failure to obtain Prior Authorization if a Prudent Layperson, who possesses an average knowledge of health and medicine, could reasonably expect that the absence of immediate medical attention would jeopardize the life or long-term health of the individual. Covered Persons who have received care on this basis are responsible for ensuring the provider contacts the Utilization Review Organization (see below) as soon as possible by phone or fax within 24 hours, or by the next business day if on a weekend or holiday, from the time coverage information is known. If notice is provided past the timeframe shown above, the extenuating circumstances must be communicated. The Utilization Review Organization will then review the services provided.

This Plan complies with the Newborns' and Mothers' Health Protection Act. Prior Authorization is not required for a Hospital or Birthing Center stay of 48 hours or less following a normal vaginal delivery or 96 hours or less following a Cesarean section. Prior Authorization may be required for a stay beyond 48 hours following a vaginal delivery or 96 hours following a Cesarean section.

UTILIZATION REVIEW ORGANIZATION

The Utilization Review Organization is: **UMR**

DEFINITIONS

The following terms are used for the purpose of the UMR CARE section of this SPD. Refer to the Glossary of Terms section of this SPD for additional definitions.

Prior Authorization is the process of determining benefit coverage prior to a service being rendered to an individual member. A determination is made based on Medical Necessity criteria for drugs, supplies, tests, procedures, and other services that are appropriate and cost-effective for the member. This member-centric review evaluates the clinical appropriateness of requested services in terms of the type, frequency, extent, and duration of stay.

Utilization Management is the evaluation of the Medical Necessity, appropriateness, and efficiency of the use of health care services, procedures, and facilities under the provisions of the applicable health benefits Plan. This management is sometimes called "utilization review." Such assessment may be conducted on a prospective basis (prior to treatment), concurrent basis (during treatment), or retrospective basis (following treatment).

SERVICES REQUIRING PRIOR AUTHORIZATION

Call the Utilization Review Organization **before** receiving services for the following:

- Inpatient stays in Hospitals, Extended Care Facilities, or residential treatment facilities.
- Partial hospitalizations.
- Organ and tissue transplants.
- Home Health Care.
- Durable Medical Equipment, excluding braces and orthotics, over \$1,500 or Durable Medical Equipment rentals over \$500 per month.
- Prosthetics over \$1,000.
- Qualifying Clinical Trials.
- Chemotherapy (cancer diagnosis).
- Dialysis.
- Medical Specialty Drug Program. To encourage safe and cost-effective medication use, prior authorization may be required for some specialty drugs. Please visit <https://fhs.umar.com/print/UM1428.pdf> for a list of Medical Specialty Drugs that may require prior authorization, including Site of Care when applicable (including select gene therapy drugs, orphan drugs, and CAR-T drugs). To request a copy of the Medical Specialty Drug list, call the toll-free number on the back of Your member identification card and the list will be provided free of charge. Prior authorization does not guarantee benefit payment. This Plan may exclude specific drugs on this list from coverage. Refer to the General Exclusions section of this SPD for possible Medical Specialty Drug exclusions.
- Inpatient stays in Hospitals or Birthing Centers that are longer than 48 hours following normal vaginal deliveries or 96 hours following Cesarean sections.
- [Non-emergency ambulance transfers.](#)

Note that if a Covered Person receives Prior Authorization for one facility, but then is transferred to another facility, Prior Authorization is also needed before going to the new facility, except in the case of an Emergency (see Special Notes above).

PENALTIES FOR NOT OBTAINING PRIOR AUTHORIZATION

A non-Prior Authorization penalty is the amount that must be paid by a Covered Person who does not call for Prior Authorization prior to receiving certain services. A penalty of 100% may be applied to applicable claims if a Covered Person receives services but does not obtain the required Prior Authorization.

The phone number to call for Prior Authorization is listed on the back of the Plan identification card.

The fact that a Covered Person receives Prior Authorization from the Utilization Review Organization does not guarantee that this Plan will pay for the medical care. The Covered Person must be eligible for coverage on the date services are provided. Coverage is also subject to all provisions described in this SPD, including additional information obtained that was not available at the time of the Prior Authorization.

Medical Director Oversight. A UMR CARE medical director oversees the concurrent review process. Should a case have unique circumstances that raise questions for the Utilization Management specialist handling the case, the medical director will review the case to determine Medical Necessity using evidence-based clinical criteria.

Referrals. During the Prior Authorization review process, cases are analyzed for a number of criteria used to trigger case-to-case management for review. Opportunities are identified by using a system-integrated, automated and manual trigger lists during the Prior Authorization review process. Other trigger points include the following criteria: length of stay, level of care, readmission, and utilization, as well as employer referrals or self-referrals.

Our goal is to intervene in the process as early as possible to determine the resources necessary to deliver clinical care in the most appropriate care setting.

Retrospective Review. Retrospective review is conducted upon request and a determination will be issued within the required timeframe of the request, unless an extension is approved. Retrospective reviews are performed according to our standard Prior Authorization policies and procedures and a final determination will be made no later than 30 days after the request for review.

Digital Capabilities

Covered Persons in UMR CARE programs will have access to CARE, powered by Vivify. This app provides additional support to You when working with a CARE nurse. The nurse assigns a CAREpath related to Your condition that You work through together. In addition, this app provides health and wellness tips and insight into Your health conditions.

Complex Condition CARE

Complex Condition CARE is available to all Covered Persons. CARE nurse managers evaluate and coordinate post-hospitalization needs for members who have a high probability of subsequent readmission within 30 days. Participants are identified based on historical claim factors and current admission information, including, but not limited to:

- unplanned readmission within the past 30 days or multiple unplanned admissions within the past 6 months.
- length of stay.
- complex diagnoses or comorbidities pertaining to cardiovascular conditions, kidney failure, pulmonary conditions or infections, or liver/pancreas/gastrointestinal surgery.
- management of catastrophic and complex behavioral health and substance use disorders and support for identified members utilizing Inpatient/rehabilitation/residential facilities.

COORDINATION OF BENEFITS

Coordination of Benefits (COB) applies whenever a Covered Person has health coverage under more than one Plan, as defined below. **It does not, however, apply to prescription benefits.** The purpose of coordinating benefits is to help Covered Persons pay for Covered Expenses, but not to result in total benefits that are greater than the Covered Expenses Incurred.

The order of benefit determination rules determine which plan will pay first (which is the Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim. The balance remaining after the Primary Plan's payment, not to exceed the Covered Person's responsibility, is the amount that will be used in determining the benefits payable under the Secondary Plan. The Deductible, Co-pays, or participation amounts, if any, will be applied before benefits are paid on the balance.

The Plan will coordinate benefits with the following types of medical or dental plans:

- Group health plans, whether insured or self-insured.
- Hospital indemnity benefits in excess of \$200 per day.
- Specified disease policies.
- Foreign health care coverage.
- Medical care components of group long-term care contracts, such as skilled nursing care.
- Medical benefits under group or individual motor vehicle policies (including no-fault policies). See the order of benefit determination rules (below).
- Medical benefits under homeowner's insurance policies.
- Medicare or other governmental benefits, as permitted by law, not including Medicaid. See below.

However, this Plan does not coordinate benefits with individual health or dental plans.

Each contract for coverage is considered a separate plan. If a plan has two parts and COB rules apply to only one of the two parts, each of the parts is treated as a separate plan. If a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be considered an allowable expense and a benefit paid.

When this Plan is secondary, and when not in conflict with a network contract requiring otherwise, covered charges will not include any amount that is not payable under the primary plan as a result of a contract between the primary plan and a provider of service in which such provider agrees to accept a reduced payment and not to bill the Covered Person for the difference between the provider's contracted amount and the provider's regular billed charge.

ORDER OF BENEFIT DETERMINATION RULES

The first of the following rules that apply to a Covered Person's situation is the rule that will apply:

- The plan that has no coordination of benefits provision is considered primary.
- When medical payments are available under motor vehicle insurance (including no-fault policies), this Plan will always be considered secondary regardless of the individual's election under Personal Injury Protection (PIP) coverage with the auto carrier.
- If an individual is covered under one plan as a dependent and another plan as an employee, member, or subscriber, the plan that covers the person as an employee, member, or subscriber (that is, other than as a dependent) is considered primary. This does not apply to COBRA participants. See continuation coverage below. The Primary Plan must pay benefits without regard to the possibility that another plan may cover some expenses. This Plan will deem any employee plan beneficiary to be eligible for primary benefits from their employer's benefit plan.

- The plan that covers a person as a dependent is generally secondary. The plan that covers a person as a dependent is primary only when both plans agree that COBRA or state continuation coverage should always pay secondary when the person who elected COBRA is covered by another plan as a dependent. See continuation coverage below. Also see the section on Medicare, below, for exceptions.
- If an individual is covered under a spouse's plan and also under their parent's plan, the Primary Plan is the plan that has covered the person for the longer period of time. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parent's plans, the plan of the parent or spouse whose birthday falls earlier in the calendar year is the Primary Plan. If the parents and/or spouse have the same birthday, the plan that has covered the parent or spouse for the longer period of time is the Primary Plan.
- If one or more plans cover the same person as a dependent child:
 - The Primary Plan is the plan of the parent whose birthday is earlier in the year if:
 - The parents are married; or
 - The parents are not separated (whether or not they have been married); or
 - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.

If both parents have the same birthday, the plan that has covered either of the parents the longest is primary.
 - If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods or plan years starting after the plan is given notice of the court decree.
 - If the parents are not married and reside separately, or are divorced or legally separated (whether or not they have ever been married), the order of benefits is:
 - The plan of the custodial parent;
 - The plan of the spouse of the custodial parent;
 - The plan of the non-custodial parent; and then
 - The plan of the spouse of the non-custodial parent.
- Active or Inactive Employee: If an individual is covered under one plan as an active employee (or dependent of an active employee), and is also covered under another plan as a retired or laid-off employee (or dependent of a retired or laid-off employee), the plan that covers the person as an active employee (or dependent of an active employee) will be primary. This rule does not apply if the rule in the third paragraph (above) can determine the order of benefits. If the other plan does not have this rule, this rule is ignored.
- Continuation Coverage Under COBRA or State Law: If a person has elected continuation of coverage under COBRA or state law and also has coverage under another plan, the continuation coverage is secondary. This is true even if the person is enrolled in another plan as a dependent. If the two plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if one of the first four bullets above applies. (See the exception in the Medicare section.)
- Longer or Shorter Length of Coverage: The plan that has covered the person as an employee, member, subscriber, or retiree the longest is primary.
- If an active employee is on leave due to active duty in the military in excess of 30 days, the plan that covers the person as an active employee, member, or subscriber is considered primary.

- If the above rules do not determine the Primary Plan, the Covered Expenses may be shared equally between the plans. This Plan will not pay more than it would have paid had it been primary.

MEDICARE

If You or Your covered spouse or Dependent is also receiving benefits under Medicare, including through Medicare Prescription drug coverage, federal law may require this Plan to be primary over Medicare. When this Plan is not primary, the Plan will coordinate benefits with Medicare.

The order of benefit determination rules determine which plan will pay first (i.e., which is the Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim. The balance remaining after the Primary Plan's payment, not to exceed the Covered Person's responsibility, is the amount that will be used in determining the benefits payable under the Secondary Plan. The Deductible, Co-pays, or participation amounts, if any, will be applied before benefits are paid on the balance.

When Medicare is primary to this Plan and a Covered Person has not elected Medicare, this Plan will coordinate benefits using an estimate of what Medicare would have paid.

ORDER OF BENEFIT DETERMINATION RULES FOR MEDICARE

This Plan complies with the Medicare Secondary Payer regulations. Examples of these regulations are as follows:

- This Plan generally pays first under the following circumstances:
 - You continue to be actively employed by the employer and You or Your covered spouse becomes eligible for and enrolls in Medicare because of age or disability.
 - You continue to be actively employed by the employer, Your covered spouse becomes eligible for and enrolls in Medicare, and Your spouse is also covered under a retiree plan through their former employer. In this case, this Plan pays first for You and Your covered spouse, Medicare pays second, and the retiree plan pays last.
 - For a Covered Person with End-Stage Renal Disease (ESRD), this Plan usually has primary responsibility for the claims of a Covered Person for 30 months from the date of Medicare eligibility based on ESRD. The 30-month period may also include COBRA continuation coverage or another source of coverage. At the end of the 30-month period, Medicare becomes the primary payer.
- Medicare generally pays first under the following circumstances:
 - You are no longer actively employed by an employer; and
 - You or Your spouse has Medicare coverage due to age, plus You or Your spouse also has COBRA continuation coverage through the Plan; or
 - You or a covered family member has Medicare coverage based on a disability, plus You also have COBRA continuation coverage through the Plan. Medicare normally pays first; however, COBRA may pay first for Covered Persons with ESRD until the end of the 30-month period; or
 - You or Your covered spouse has retiree coverage plus Medicare coverage; or

- Upon completion of 30 months of Medicare eligibility for an individual with ESRD, Medicare becomes the primary payer. (Note that if a person with ESRD was eligible for Medicare based on age or other disability **before** being diagnosed with ESRD and Medicare was previously paying as the Primary Plan, the person may continue to receive Medicare benefits on a primary basis).
- Medicare is the secondary payer when no-fault insurance, Workers' Compensation, or liability insurance is available as the primary payer.

TRICARE

If an eligible Employee is on active military duty, TRICARE is the only coverage available to that Employee. Benefits are not coordinated with the Employee's health insurance plan.

In all instances where an eligible Employee is also a TRICARE beneficiary, TRICARE will pay secondary to this employer-provided Plan.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Plan may obtain the information it needs from or provide such information to other organizations or persons for the purpose of applying those rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. The Plan need not tell, or obtain the consent of, any person to do this. However, if the Plan needs assistance in obtaining the necessary information, each person claiming benefits under this Plan must provide the Plan any information it needs to apply those rules and determine benefits payable.

REIMBURSEMENT TO THIRD PARTY ORGANIZATION

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, the Plan may pay that amount to the organization that made that payment. That amount will then be treated as if it were a benefit paid under this Plan. The Plan will not have to pay that amount again.

RIGHT OF RECOVERY

If the amount of the payments made by the Plan is more than the Plan should have paid under this COB provision, the Plan may recover the excess from one or more of the persons it paid or for whom the Plan has paid, or from any other person or organization that may be responsible for the benefits or services provided for the Covered Person.

RIGHT OF SUBROGATION, REIMBURSEMENT AND OFFSET

The Plan has a right to subrogation and reimbursement. References to “You” or “Your” in this Right of Subrogation, Reimbursement, and Offset section include You, Your estate, Your heirs, and Your beneficiaries unless otherwise stated.

Subrogation applies when the Plan has paid benefits on Your behalf for an Illness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and will succeed to any and all legal claims that You may be entitled to pursue against any third party for the benefits that the Plan has paid that are related to the Illness or Injury for which any third party is considered responsible.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for an Illness or Injury for which You receive a settlement, judgment, or other recovery from any third party, You must use those proceeds to fully return to the Plan 100% of any benefits You receive. The right of reimbursement will apply to any benefits received at any time until the rights are extinguished, resolved, or waived in writing.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused You to suffer an Illness, Injury, or damages, or who is legally responsible for the Illness, Injury, or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Illness, Injury, or damages.
- The Plan Sponsor in a Workers’ Compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to You, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners’, or otherwise), Workers’ Compensation coverage, other insurance carriers, or third party administrators.
- Any person or entity against whom You may have any claim for professional and/or legal malpractice arising out of or connected to an Illness or Injury You allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to You on any equitable or legal theory.

You agree as follows:

- You will cooperate with the Plan in protecting the Plan’s legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - Notifying the Plan, in writing, of any potential legal claim(s) You may have against any third party for acts that caused benefits to be paid or become payable.
 - Providing any relevant information requested by the Plan.
 - Signing and/or delivering such documents as the Plan or our agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any accident or Injuries.
 - Making court appearances.
 - Obtaining our consent or our agents’ consent before releasing any party from liability or payment of medical expenses.
 - Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate or deny future benefits, take legal action against You, and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to You or Your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against any third party before You receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts, or liens asserted by any medical providers, including, but not limited to, Hospitals or Emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to You, Your representative, Your estate, Your heirs, or Your beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium, punitive, and any other alleged damages. The Plan is not required to help You to pursue Your claim for damages or personal Injuries and no amount of associated costs, including attorneys' fees, will be deducted from our recovery without the Plan's express written consent. No so-called "fund doctrine" or "common-fund doctrine" or "attorney's fund doctrine" will defeat this right.
- Regardless of whether You have been fully compensated or made whole, the Plan may collect from You the proceeds of any full or partial recovery that You or Your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "made-whole doctrine" or "make-whole doctrine," claim of unjust enrichment, nor any other equitable limitation will limit our subrogation and reimbursement rights.
- Benefits paid by the Plan may also be considered to be benefits advanced.
- If You receive any payment from any party as a result of Illness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, You and/or Your representative will hold those funds in trust, either in a separate bank account in Your name or in Your representative's trust account.
- By participating in and accepting benefits from the Plan, You agree that:
 - Any amounts recovered by You from any third party constitute Plan assets (to the extent of the amount of Plan benefits provided on behalf of the Covered Person);
 - You and Your representative will be fiduciaries of the Plan with respect to such amounts; and
 - You will be liable for and agree to pay any costs and fees (including reasonable attorneys' fees) Incurred by the Plan to enforce its reimbursement rights.
- The Plan's rights to recovery will not be reduced due to Your own negligence.
- By participating in and accepting benefits from the Plan, You agree to assign to the Plan any benefits, claims, or rights of recovery You have under any automobile policy (including no-fault benefits, Personal Injury Protection benefits, and/or medical payment benefits), under other coverage, or against any third party, to the full extent of the benefits the Plan has paid for the Illness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, You acknowledge and recognize the Plan's right to assert, pursue, and recover on any such claim, whether or not You choose to pursue the claim, and You agree to this assignment voluntarily.

- Upon the Plan's request, You will assign to the Plan all rights of recovery against third parties, to the extent of the Covered Expenses the Plan has paid for the Illness or Injury.
- The Plan may, at its option, take necessary and appropriate action to preserve the Plan's rights under these provisions, including, but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative, or other third party; and filing suit in Your name or Your estate's name, which does not obligate the Plan in any way to pay You part of any recovery the Plan might obtain.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of Your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to Your estate, the personal representative of Your estate, and Your heirs or beneficiaries. In the case of Your death, the Plan's right of reimbursement and right of subrogation will apply if a claim can be brought on behalf of You or Your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds, or any other recovery, by You, Your estate, the personal representative of Your estate, Your heirs, Your beneficiaries, or any other person or party will be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent Child who incurs an Illness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Illness or Injury, the terms of this subrogation and reimbursement clause will apply to that claim.
- If any third party causes or is alleged to have caused You to suffer an Illness or Injury while You are covered under this Plan, the provisions of this section continue to apply, even after You are no longer covered.
- In the event that You do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate benefits to You, Your Dependents, or the subscriber; deny future benefits; take legal action against You; and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to Your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.
- The Plan and all administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.
- In the case of occupational Illness or Injury, the Plan's recovery rights will apply to all sums recovered, regardless of whether the Illness or Injury is deemed compensable under any Workers' Compensation or other coverage. Any award or compromise Workers' Compensation settlement, including any lump-sum settlement, will be deemed to include the Plan's interest and the Plan will be reimbursed in first priority from any such award or settlement.

If a medical expense is not a covered benefit, or is subject to a limitation or exclusion, a Covered Person still has the right and privilege to receive such medical service or supply at the Covered Person's own personal expense.

CLAIMS AND APPEAL PROCEDURES

REASONABLE AND CONSISTENT CLAIMS PROCEDURES

The Plan's claims procedures are designed to ensure and verify that claim determinations are made in accordance with the Plan documents. The Plan provisions will be applied consistently with respect to similarly situated individuals.

Pre-Determination

A Pre-Determination is a determination of benefits by the claims administrator, on behalf of the Plan, prior to services being provided. Although Pre-Determinations are not required by the Plan, a Covered Person or provider may voluntarily request a Pre-Determination. A Pre-Determination informs individuals of whether, and under which circumstances, a procedure or service is generally a covered benefit under the Plan. A Covered Person or provider may wish to request a Pre-Determination before incurring medical expenses. A Pre-Determination is not a claim and therefore may not be appealed. A Pre-Determination that a procedure or service may be covered under the Plan does not guarantee the Plan will ultimately pay the claim. All Plan terms and conditions will still be applied when determining whether a claim is payable under the Plan.

TYPE OF CLAIMS AND DEFINITIONS

- **Pre-Service Claim needing prior authorization as required by the Plan and stated in this SPD.** This is a claim for a benefit where the Covered Person or provider, when applicable, is required to obtain approval from the Plan **before** obtaining medical care, such as in the case of prior authorization of health care items or services that the Plan requires. If a Covered Person or provider calls the Plan for the sole purpose of learning whether or not a claim will be covered, that call is not considered a Pre-Service Claim, unless the Plan and this SPD specifically require the person to call for prior authorization. (See "Pre-Determination" above.) The fact that the Plan may grant prior authorization does not guarantee that the Plan will ultimately pay the claim.

Note that this Plan does not require prior authorization for urgent or Emergency care claims; however, Covered Persons may be required to notify the Plan following stabilization. Please refer to the UMR CARE section of this SPD for more details. A condition is considered to be an urgent or Emergency care situation if a sudden and serious condition occurs such that a Prudent Layperson could expect the patient's life would be jeopardized, the patient would suffer severe pain, or serious impairment of the patient's bodily functions would result unless immediate medical care is rendered. Examples of an urgent or Emergency care situation may include, but are not limited to: chest pain; hemorrhaging; syncope; fever equal to or greater than 103° F; presence of a foreign body in the throat, eye, or internal cavity; or a severe allergic reaction.

- **Post-Service Claim** means a claim that involves payment for the cost of health care that has already been provided.
- **Concurrent Care Claim** means that an ongoing course of treatment to be provided over a period of time or for a specified number of treatments has been approved by the Plan.

PERSONAL REPRESENTATIVE

Personal Representative means a person (or provider) who may contact the Plan on the Covered Person's behalf to help with claims, appeals, or other benefit issues. A minor Dependent must have the signature of a parent or Legal Guardian in order to appoint a third party as a Personal Representative.

If a Covered Person chooses to use a Personal Representative, the Covered Person must submit proper documentation to the Plan stating the following: the name of the Personal Representative, the date and duration of the appointment, and any other pertinent information. In addition, the Covered Person must agree to grant their Personal Representative access to their Protected Health Information. The Covered Person should contact the Claim Administrator to obtain the proper forms. All forms must be signed by the Covered Person in order to be considered official.

PROCEDURES FOR SUBMITTING CLAIMS

Most providers will accept assignment and coordinate payment directly with the Plan on the Covered Person's behalf. If the provider will not accept assignment or coordinate payment directly with the Plan, the Covered Person will need to send the claim to the Plan within the timelines outlined below in order to receive reimbursement. The address for submitting medical claims is on the back of the group health identification card.

A Covered Person who receives services in a country other than the United States is responsible for ensuring the provider is paid. If the provider will not coordinate payment directly with the Plan, the Covered Person will need to pay the claim up front and then submit the claim to the Plan for reimbursement. The Plan will reimburse the Covered Person for any covered amount in U.S. currency. The reimbursed amount will be based on the U.S. equivalency rate that is in effect on the date the Covered Person paid the claim, or on the date of service if the paid date is not known.

A complete claim must be submitted in writing and should include the following information:

- Covered Person's/patient's ID number, name, sex, date of birth, address, and relationship to Employee
- Authorized signature from the Covered Person
- Diagnosis
- Date of service
- Place of service
- Procedures, services, or supplies (narrative description)
- Charges for each listed service
- Number of days or units
- Patient's account number (if applicable)
- Total billed charges
- Provider's billing name, address, and telephone number
- Provider's Taxpayer Identification Number (TIN)
- Signature of provider
- Billing provider
- Any information on other insurance (if applicable)
- Whether the patient's condition is related to employment, an auto Accident, or another Accident (if applicable)
- Assignment of benefits (if applicable)

TIMELY FILING

Covered Persons are responsible for ensuring that complete claims are submitted to the Third Party Administrator as soon as possible after services are received, but no later than 12 months from the date of service. If Medicare or Medicaid paid as primary in error, the timely filing requirement may be increased to three years from the date of service. A Veterans Administration Hospital has six years from the date of service to submit the claim. A complete claim means that the Plan has all the information that is necessary in order to process the claim. Claims received after the timely filing period will not be allowed.

INCORRECTLY FILED CLAIMS (Applies to Pre-Service Claims only)

If a Covered Person or Personal Representative attempts to, but does not properly, follow the Plan's procedures for requesting prior authorization, the Plan will notify the person and explain the proper procedures within five calendar days following receipt of a Pre-Service Claim request. The notice will usually be oral, unless written notice is requested by the Covered Person or Personal Representative.

HOW HEALTH BENEFITS ARE CALCULATED

When UMR receives a claim for a service that has been provided to a Covered Person, it will determine if the service is a covered benefit under this group health Plan. If the service is not a covered benefit, the claim will be denied and the Covered Person will be responsible for paying the provider for these costs. If the service is a covered benefit, UMR will establish the allowable payment amount for that service, in accordance with the provisions of this SPD.

Claims for covered benefits are paid according to the billed charges, a Negotiated Rate, or the Protection from Balance Billing allowed amount, or based on the Usual and Customary amounts, minus any Deductible, Plan Participation rate, Co-pay, or penalties that the Covered Person is responsible for paying. Refer to the Protection from Balance Billing section of this SPD for covered benefits that are payable in accordance with the Protection from Balance Billing allowed amount.

Negotiated Rate: On occasion, UMR will negotiate a payment rate with a provider for a particular covered service, such as transplant services, Durable Medical Equipment, Extended Care Facility treatment, or other services. The Negotiated Rate is what the Plan will pay to the provider, minus any Co-pay, Deductible, Plan Participation rate, or penalties that the Covered Person is responsible for paying. If a network contract is in place, the network contract determines the Plan's Negotiated Rate.

Modifiers or Reducing Modifiers, if Medically Necessary. These terms apply to services and procedures performed on the same day and may be applied to surgical, radiological, and other diagnostic procedures. For a provider participating with a primary or secondary network, claims will be paid according to the network contract. For a provider who is not participating with a network, where no discount is applied, the industry guidelines are to allow the Usual and Customary fee allowance for the primary procedure and a percentage of the Usual and Customary fee allowance for all secondary procedures. These allowances are then processed according to Plan provisions. A global package includes the services that are a necessary part of the procedure. For individual services that are part of a global package, it is customary for the individual services not to be billed separately. A separate charge will not be allowed under the Plan.

The specific reimbursement formula used will vary depending upon the Physician or facility providing the service(s) and the type of service(s) received.

Reimbursement for covered services received from providers, including Physicians or health care facilities, who are not part of Your network are determined based on one of the following:

- Fee(s) that are negotiated with the Physician or facility; or
- The amount that is usually accepted by health care providers in the same geographical area (or greater area, if necessary) for the same services, treatment, or materials; or
- Current publicly available data reflecting the costs for health care providers providing the same or similar services, treatment, or materials adjusted for geographical differences plus a margin factor.

When covered health services are received from a non-network provider as a result of an Emergency or as arranged by Your Plan Administrator, eligible expenses are amounts negotiated by Your claims administrator or amounts permitted by law. Refer to the Protection from Balance Billing section of this SPD for more information. Please contact Your Plan Administrator if You are billed for amounts in excess of Your applicable Plan Participation, Co-pays, or Deductibles. The Plan will not pay excessive charges or amounts You are not legally obligated to pay.

See “Surgery and Assistant Surgeon Services” in the Covered Medical Benefits section for exceptions related to multiple procedures. A global package includes the services that are a necessary part of a procedure. For individual services that are part of a global package, it is customary for the individual services not to be billed separately. A separate charge will not be allowed under the Plan.

For services received from a non-network provider, claims for Covered Expenses will normally be processed in accordance with the **Out-of-Network** benefit levels that are listed on the Schedule of Benefits. These providers charge their normal rates for services, so Covered Persons may need to pay more. Covered Persons are responsible for paying the balance of these claims after the Plan pays its portion, if any.

NOTIFICATION OF BENEFIT DETERMINATION

If a claim is submitted by a Covered Person or a provider on behalf of a Covered Person and the Plan does not completely cover the charges, the Covered Person will receive an Explanation of Benefits (EOB) form that will explain how much the Plan paid toward the claim, and how much of the claim is the Covered Person’s responsibility due to cost-sharing obligations, non-covered benefits, penalties, or other Plan provisions. Please check the information on each EOB form to make sure the services charged were actually received from the provider and that the information appears to be correct. If You have any questions or concerns about the EOB form, call the Plan at the number listed on the EOB form or on the back of the group health identification card. The provider will receive a similar form for each claim that is submitted.

TIMELINES FOR INITIAL BENEFIT DETERMINATION

UMR will process claims within the following timelines, although a Covered Person may voluntarily extend these timelines:

- Pre-Service Claims: A decision will be made within 15 calendar days following receipt of a claim request, but the Plan may have an extra 15-day extension when necessary for reasons beyond the control of the Plan, if written notice is given to the Covered Person within the original 15-day period.
- Post-Service Claims: Claims will be processed within 30 calendar days, but the Plan may have an additional 15-day extension when necessary for reasons beyond the control of the Plan, if written notice is provided to the Covered Person within the original 30-day period.
- Concurrent Care Claims: If the Plan is reducing or terminating benefits before the end of the previously approved course of treatment, the Plan will notify the Covered Person prior to the treatment ending or being reduced.
- Emergency and/or Urgent Care claims as defined by the Affordable Care Act: The Plan will notify a Covered Person or provider of a benefit determination (whether adverse or not) with respect to a claim involving Emergency or Urgent Care as soon as possible, taking into account the Medical Necessity, but not later than 72 hours after the receipt of the claim by the Plan and deference will be made to the treating Physician.

A claim is considered to be filed when the claim for benefits has been submitted to UMR for formal consideration under the terms of this Plan.

CIRCUMSTANCES CAUSING LOSS OR DENIAL OF PLAN BENEFITS

Claims may be denied for any of the following reasons:

- Termination of Your employment.
- A Covered Person’s loss of eligibility for coverage under the health Plan.
- Charges are Incurred prior to the Covered Person’s Effective Date or following termination of coverage.
- A Covered Person reached the Maximum Benefit under this Plan.
- Amendment of the group health Plan.
- Termination of the group health Plan.

- The Employee, Dependent, or provider did not respond to a request for additional information needed to process the claim or appeal.
- Application of Coordination of Benefits.
- Enforcement of subrogation.
- Services are not a covered benefit under this Plan.
- Services are not considered Medically Necessary.
- Failure to comply with prior authorization requirements before receiving services.
- Misuse of the Plan identification card or other fraud.
- Failure to pay premiums if required.
- The Employee or Dependent is responsible for charges due to Deductible, Plan Participation obligations, or penalties.
- Application of the Protection from Balance Billing allowed amount, the Usual and Customary fee limits, the fee schedule, or Negotiated Rates.
- Incomplete or inaccurate claim submission.
- Application of utilization review.
- Procedures are considered Experimental, Investigational, or Unproven.
- Other reasons as stated elsewhere in this SPD.

ADVERSE BENEFIT DETERMINATION (DENIED CLAIMS)

Adverse Benefit Determination means a denial, reduction, or termination of a benefit, or a failure to provide or make payment, in whole or in part, for a benefit. It also includes any such denial, reduction, termination, rescission of coverage (whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at that time), or failure to provide or make payment that is based on a determination that the Covered Person is no longer eligible to participate in the Plan.

If a claim is being denied, in whole or in part, and the Covered Person will owe any amount to the provider, the Covered Person will receive an initial claim denial notice, usually referred to as an Explanation of Benefits (EOB) form, within the timelines described above. The EOB form will:

- Explain the specific reasons for the denial.
- Provide a specific reference to pertinent Plan provisions on which the denial was based.
- Provide a description of any material or information that is necessary for the Covered Person to perfect the claim, along with an explanation of why such material or information is necessary, if applicable.
- Provide appropriate information as to the steps the Covered Person may take to submit the claim for appeal (review).

If an internal rule or guideline was relied upon, or if the denial was based on Medical Necessity or Experimental, Investigational, or Unproven treatment, the Plan will notify the Covered Person of that fact. The Covered Person has the right to request a copy of the rule/guideline or clinical criteria that were relied upon, and such information will be provided free of charge.

APPEALS PROCEDURE FOR ADVERSE BENEFIT DETERMINATIONS

If a Covered Person disagrees with the denial of a claim or a rescission of coverage determination, the Covered Person or their Personal Representative may request that the Plan review its initial determination by submitting a written request to the Plan as described below. An appeal filed by a provider on the Covered Person's behalf is not considered an appeal under the Plan unless the provider is a Personal Representative.

First Level of Appeal: This is a **mandatory** appeal level. The Covered Person must exhaust the following internal procedures before taking any outside legal action.

- The Covered Person must file the appeal within 180 days of the date they received the EOB form from the Plan showing that the claim was denied. The Plan will assume the Covered Person received the EOB form seven days after the Plan mailed the EOB form.
- The Covered Person or their Personal Representative will be allowed reasonable access to review or copy pertinent documents, at no charge.
- The Covered Person may submit written comments, documents, records, and other information related to the claim to explain why they believe the denial should be overturned. This information should be submitted at the same time the written request for a review is submitted.
- The Covered Person has the right to submit evidence that their claim is due to the existence of a physical or mental medical condition or domestic violence, under applicable federal nondiscrimination rules.
- The review will take into account all comments, documents, records, and other information submitted that relates to the claim. This will include comments, documents, records, and other information that either were not submitted previously or were not considered in the initial benefit decision. The review will be conducted by individuals who were not involved in the original denial decision and are not under the supervision of the person who originally denied the claim.
- If the benefit denial was based, in whole or in part, on a medical judgment, the Plan will consult with a health care professional with training and experience in the relevant medical field. This health care professional may not have been involved in the original denial decision and may not be supervised by the health care professional who was involved. If the Plan has consulted with medical or vocational experts in connection with the claim, these experts will be identified upon the Covered Person's request, regardless of whether or not the Plan relies on their advice in making any benefit determinations.
- After the claim has been reviewed, the Covered Person will receive written notification letting them know if the claim is being approved or denied. In the event of new or additional evidence, or any new rationale relied upon during the appeal process in connection with a claim that is being appealed, the Plan will automatically provide the relevant information to the Covered Person. The notification will provide the Covered Person with the information outlined under the "Adverse Benefit Determination" section above.

Second Level of Appeal: This is a **voluntary** appeal level. The Covered Person is not required to follow this internal procedure before taking outside legal action.

- A Covered Person who is not satisfied with the decision following the first appeal has the right to appeal the denial a second time.
- The Covered Person or their Personal Representative must submit a written request for a second review within 60 calendar days following the date they received the Plan's decision regarding the first appeal. The Plan will assume the Covered Person received the determination letter regarding the first appeal seven days after the Plan sent the determination letter.
- The Covered Person may submit written comments, documents, records, and other pertinent information to explain why they believe the denial should be overturned. This information should be submitted at the same time the written request for a second review is submitted.
- The Covered Person has the right to submit evidence that their claim is due to the existence of a physical or mental medical condition or domestic violence, under applicable federal nondiscrimination rules.
- The second review will take into account all comments, documents, records, and other information submitted that relates to the claim that either were not submitted previously or were not considered in the initial benefit decision. The review will be conducted by individuals who were not involved in the original denial decision or the first appeal, and are not under the supervision of those individuals.

- If the benefit denial was based, in whole or in part, on a medical judgment, the Plan will consult with a health care professional with training and experience in the relevant medical field. This health care professional may not have been involved in the original denial decision or first appeal, and may not be supervised by the health care professional who was involved. If the Plan has consulted with medical or vocational experts in connection with the claim, these experts will be identified upon the Covered Person's request, regardless of whether or not the Plan relies on their advice in making any benefit determinations.
- After the claim has been reviewed, the Covered Person will receive written notification letting them know if the claim is being approved or denied. In the event of new or additional evidence, or any new rationale relied upon during the appeal process in connection with a claim that is being appealed, the Plan will automatically provide the relevant information to the Covered Person. The notification will provide the Covered Person with the information outlined under the "Adverse Benefit Determination" section above.

Regarding the above voluntary appeal level, the Plan agrees that any statutory limitations that are applicable to pursuing the claim in court will be put on hold during the period of this voluntary appeal process. The voluntary appeal process is available only after the Covered Person has followed the mandatory appeal level as required above. This Plan also agrees that it will not charge the Covered Person a fee for going through the voluntary appeal process, and it will not assert a failure to exhaust administrative remedies if a Covered Person elects to pursue a claim in court before following this voluntary appeal process. A Covered Person's decision about whether to submit a benefit dispute through this voluntary appeal level will have no effect on their rights to any other benefits under the Plan. If You have any questions regarding the voluntary level of appeal, including applicable rules, a Covered Person's right to representation (i.e., to appoint a Personal Representative), or other details, please contact the Plan.

Appeals should be sent within the prescribed time period as stated above to the following address(es).

Note: Post-Service Appeal Request forms are available at www.umar.com to assist You in providing all the recommended information to ensure a full and fair review of Your Adverse Benefit Determination. You are not required to use this form.

TIME PERIODS FOR MAKING DECISIONS ON APPEALS

After reviewing a claim that has been appealed, the Plan will notify the Covered Person of its decision within the following timeframes, although Covered Persons may voluntarily extend these timelines. In addition, if any new or additional evidence is relied upon or generated during the determination of the appeal, the Plan will provide such evidence to You free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination. If such evidence is received at a point in the process where the Plan is unable to provide You with a reasonable opportunity to respond prior to the end of the period stated below, the time period will be tolled to allow You a reasonable opportunity to respond to the new or additional evidence.

URGENT CLAIM APPEALS THAT REQUIRE IMMEDIATE ACTION

A request by a Covered Person or their authorized representative for the review and reconsideration of coverage that requires notification or approval prior to receiving medical care may be considered an urgent claim appeal. Urgent claim appeals must meet one or both of the following criteria in order to be considered urgent in nature:

- A delay in treatment could seriously jeopardize life or health or the ability to regain maximum functionality.
- In the opinion of a Physician with knowledge of the medical condition, a delay in treatment could cause severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

UMR must respond to the urgent claim appeal request as soon as possible, taking into account the medical exigencies, but no later than 72 hours after receiving the request for review.

The timelines below will apply only to the mandatory appeal level. The voluntary appeal level will not be subject to specific timelines.

- Pre-Service Claims: Within a reasonable period of time appropriate to the medical circumstances, but no later than 30 calendar days after the Plan receives the request for review.
- Post-Service Claims: Within a reasonable period of time, but no later than 60 calendar days after the Plan receives the request for review.
- Concurrent Care Claims: Before treatment ends or is reduced.

RIGHT TO EXTERNAL REVIEW

If, after exhausting Your internal appeals, You are not satisfied with the final determination, You may choose to participate in the external review program. This program applies only if the Adverse Benefit Determination involves:

- Clinical reasons;
- The exclusions for Experimental, Investigational, or Unproven services;
- Determinations related to Your entitlement to a reasonable alternative standard for a reward under a wellness program;
- Determinations related to whether the Plan has complied with non-quantitative treatment limitation provisions of Code 9812 or 54.9812 (Parity in Mental Health and Substance Use Disorder Benefits);
- Determinations related to the Plan's compliance with the following surprise billing and cost-sharing protections set forth in the No Surprises Act:
 - Whether a claim is for Emergency treatment that involves medical judgment or consideration of compliance with the cost-sharing and surprise billing protections;
 - Whether a claim for items and services was furnished by a non-network provider at a network facility;
 - Whether an individual gave informed consent to waive the protections under the No Surprises Act;
 - Whether a claim for items and services is coded correctly and is consistent with the treatment actually received;

- Whether cost-sharing was appropriately calculated for claims for Ancillary Services provided by a non-network provider at a network facility; or
- Other requirements of applicable law.

This external review program offers an independent review process to review the denial of a requested service or procedure (other than a pre-determination of benefits) or the denial of payment for a service or procedure. The process is available at no charge to You after You have exhausted the appeals process identified above and You receive a decision that is unfavorable, or if UMR or Your employer fails to respond to Your appeal within the timelines stated above.

You may request an independent review of the Adverse Benefit Determination. Neither You nor UMR nor Your employer will have an opportunity to meet with the reviewer or otherwise participate in the reviewer's decision. If You wish to pursue an external review, please send a written request as indicated below.

Notice of the right to external review for Pre-Service appeals should be sent to:

UHC APPEALS - UMR
PO BOX 40046
SAN ANTONIO TX 78229

Alternatively, You may fax Your request to 888-615-6584, ATTN: UMR Appeals

Notice of the right to external review for Post-Service appeals should be sent to:

UMR
EXTERNAL REVIEW APPEAL UNIT
PO BOX 8048
WAUSAU WI 54402-8048

Your written request should include: (1) Your specific request for an external review; (2) the Employee's name, address, and member ID number; (3) Your designated representative's name and address, if applicable; (4) a description of the service that was denied; and (5) any new, relevant information that was not provided during the internal appeal. You will be provided more information about the external review process at the time we receive Your request.

Any requests for an independent review must be made within four months of the date You receive the Adverse Benefit Determination. You or an authorized designated representative may request an independent review by contacting the toll-free number on Your ID card or by sending a written request to the address on Your ID card.

The independent review will be performed by an independent Physician, or by a Physician who is qualified to decide whether the requested service or procedure is a qualified medical care expense under the Plan. The Independent Review Organization (IRO) has been contracted by UMR and has no material affiliation or interest with UMR or Your employer. UMR will choose the IRO based on a rotating list of approved IROs.

In certain cases, the independent review may be performed by a panel of Physicians, as deemed appropriate by the IRO.

Within applicable timeframes of UMR's receipt of a request for independent review, the request will be forwarded to the IRO, together with:

- All relevant medical records;
- All other documents relied upon by UMR and/or Your employer in making a decision on the case; and
- All other information or evidence that You or Your Physician has already submitted to UMR or Your employer.

If there is any information or evidence that was not previously provided and that You or Your Physician wishes to submit in support of the request, You may include this information with the request for an independent review, and UMR will include it with the documents forwarded to the IRO. A decision will be made within applicable timeframes. If the reviewer needs additional information in order to make a decision, this time period may be extended. The independent review process will be expedited if You meet the criteria for an expedited external review as defined by applicable law.

The reviewer's decision will be in writing and will include the clinical basis for the determination. The IRO will provide You and UMR and/or Your employer with the reviewer's decision, a description of the qualifications of the reviewer, and any other information deemed appropriate by the organization and/or required by applicable law.

If the final independent decision is to approve payment or referral, the Plan will accept the decision and provide benefits for such service or procedure in accordance with the terms and conditions of the Plan. If the final independent review decision is that payment or referral will not be made, the Plan will not be obligated to provide benefits for the service or procedure.

You may contact the claims administrator at the toll-free number on Your ID card for more information regarding Your external appeal rights and the independent review process.

PHYSICAL EXAMINATION AND AUTOPSY

The Plan may require that a Covered Person have a physical examination, at the Plan's expense, as often as is necessary to settle a claim. In the case of death, the Plan may require an autopsy unless forbidden by law.

RIGHT TO REQUEST OVERPAYMENTS

The Plan reserves the right to recover any payments made by the Plan that were:

- Made in error; or
- Made after the date the person's coverage should have been terminated under this Plan; or
- Made to any Covered Person or any party on a Covered Person's behalf where the Plan Sponsor determines the payment to the Covered Person or any party is greater than the amount payable under this Plan.

The Plan has the right to recover against Covered Persons if the Plan has paid them or any other party on their behalf.

FRAUD

Fraud is a crime for which an individual may be prosecuted. Any Covered Person who willfully and knowingly engages in an activity intended to defraud the Plan is guilty of fraud. The Plan will utilize all means necessary to support fraud detection and investigation. It is a crime for a Covered Person to file a claim containing any false, incomplete, or misleading information with intent to injure, defraud, or deceive the Plan. In addition, it is a fraudulent act when a Covered Person willfully and knowingly fails to notify the Plan regarding an event that affects eligibility for a Covered Person. Notification requirements are outlined in this SPD and other Plan materials. Please read them carefully and refer to all Plan materials that You receive (e.g., COBRA notices). A few examples of events that require Plan notification are divorce, a Dependent aging out of the Plan, and enrollment in other group health coverage while on COBRA. (Please note that the examples listed are not all-inclusive.)

These actions will result in denial of the Covered Person's claim or in termination of the Covered Person's coverage under the Plan, and are subject to prosecution and punishment to the full extent under state and/or federal law.

Each Covered Person must:

- File accurate claims. If someone else, such as the Covered Person's spouse or another family member, files claims on the Covered Person's behalf, the Covered Person should review the claim form before signing it;
- Review the Explanation of Benefits (EOB) form. The Covered Person should make certain that benefits have been paid correctly based on their knowledge of the expenses Incurred and the services rendered;
- Never allow another person to seek medical treatment under their identity. If the Covered Person's Plan identification card is lost, the Covered Person should report the loss to the Plan immediately;
- Provide complete and accurate information on claim forms and any other forms. They should answer all questions to the best of their knowledge; and
- Notify the Plan when an event occurs that affects a Covered Person's eligibility.

In order to maintain the integrity of this Plan, each Covered Person is encouraged to notify the Plan whenever a provider:

- Bills for services or treatment that have never been received; or
- Asks a Covered Person to sign a blank claim form; or
- Asks a Covered Person to undergo tests that the Covered Person feels are not needed.

Covered Persons concerned about any of the charges that appear on a bill or EOB form, or who know of or suspect any illegal activity, should call the toll-free hotline at 1-800-356-5803. All calls are strictly confidential.

OTHER FEDERAL PROVISIONS

FAMILY AND MEDICAL LEAVE ACT (FMLA)

If an Employee is on a family or medical leave of absence that meets the eligibility requirements under the Family and Medical Leave Act of 1993 (FMLA), their employer will continue coverage under this Plan in accordance with state and federal FMLA regulations, provided the following conditions are met:

- Contributions are paid; and
- The Employee has a written, approved leave from the employer.

Coverage will be continued for up to the greater of:

- The leave period required by the FMLA and any amendment; or
- The leave period required by applicable state law.

An Employee may choose not to retain group health coverage during an FMLA leave. When the Employee returns to work following the FMLA leave, the Employee's coverage will usually be restored to the level the Employee would have had if the FMLA leave had not been taken. For more information, please contact Your Human Resources or Personnel office.

QUALIFIED MEDICAL CHILD SUPPORT ORDERS PROVISION

A Dependent Child will become covered as of the date specified in a judgment, decree, or order issued by a court of competent jurisdiction or through a state administrative process.

The order must clearly identify all of the following:

- The name and last known mailing address of the participant;
- The name and last known mailing address of each alternate recipient (or official state or political designee for the alternate recipient);
- A reasonable description of the type of coverage to be provided to the Child or the manner in which such coverage is to be determined; and
- The period to which the order applies.

Please contact the Plan Administrator to request a copy, at no charge, of the written procedures that the Plan uses when administering Qualified Medical Child Support Orders.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or the newborn Child to less than 48 hours following a vaginal delivery, or less than 96 hours following a Cesarean section. However, the plan or issuer may pay for a shorter stay if the attending Physician (i.e., Your Physician, nurse, midwife, or physician assistant) after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and insurers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce Your out-of-pocket costs, You may be required to obtain precertification. For information on precertification, contact Your Plan Administrator.

This group health Plan also complies with the provisions of the:

- Mental Health Parity Act.
- Americans With Disabilities Act, as amended.
- Women's Health and Cancer Rights Act of 1998 regarding breast reconstruction following a mastectomy.
- Pediatric Vaccines regulation, whereby an employer will not reduce its coverage for pediatric vaccines below the coverage it provided as of May 1, 1993.
- Medicare Secondary Payer regulations, as amended.
- TRICARE Prohibition Against Incentives and Nondiscrimination Requirements amendments.
- Genetic Information Non-discrimination Act (GINA).

HIPAA ADMINISTRATIVE SIMPLIFICATION MEDICAL PRIVACY AND SECURITY PROVISION

USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION UNDER HIPAA PRIVACY AND SECURITY REGULATIONS

This Plan will Use a Covered Person's Protected Health Information (PHI) to the extent of and in accordance with the Uses and Disclosures permitted by the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Specifically, this Plan will Use and Disclose a Covered Person's PHI for purposes related to health care Treatment, Payment for health care, and Health Care Operations. Additionally, this Plan will Use and Disclose a Covered Person's PHI as required by law and as permitted by authorization. This section establishes the terms under which the Plan may share a Covered Person's PHI with the Plan Sponsor, and limits the Uses and Disclosures that the Plan Sponsor may make of a Covered Person's PHI.

This Plan will Disclose a Covered Person's PHI to the Plan Sponsor only to the extent necessary for the purposes of the administrative functions of Treatment, Payment for health care, or Health Care Operations.

The Plan Sponsor will Use and/or Disclose a Covered Person's PHI only to the extent necessary for the administrative functions of Treatment, Payment for health care, or Health Care Operations that it performs on behalf of this Plan.

This Plan agrees that it will Disclose a Covered Person's PHI to the Plan Sponsor only upon receipt of a certification from the Plan Sponsor that the terms of this section have been adopted and that the Plan Sponsor agrees to abide by these terms.

The Plan Sponsor is subject to all of the following restrictions that apply to the Use and Disclosure of a Covered Person's PHI:

- The Plan Sponsor will Use and Disclose a Covered Person's PHI (including Electronic PHI) only for Plan Administrative Functions, as required by law or as permitted under the HIPAA regulations. This Plan's Notice of Privacy Practices also contains more information about permitted Uses and Disclosures of PHI under HIPAA;
- The Plan Sponsor will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the Electronic PHI that it creates, receives, maintains, or transmits on behalf of the Plan;
- The Plan Sponsor will require each of its subcontractors or agents to whom the Plan Sponsor may provide a Covered Person's PHI to agree to the same restrictions and conditions imposed on the Plan Sponsor with regard to a Covered Person's PHI;
- The Plan Sponsor will ensure that each of its subcontractors or agents to whom the Plan Sponsor may provide Electronic PHI agree to implement reasonable and appropriate security measures to protect Electronic PHI;
- The Plan Sponsor will not Use or Disclose PHI for employment-related actions and decisions or in connection with any other of the Plan Sponsor's benefits or Employee benefit plans;
- The Plan Sponsor will promptly report to this Plan any breach or impermissible or improper Use or Disclosure of PHI not authorized by the Plan documents;
- The Plan Sponsor will report to the Plan any breach or security incident with respect to Electronic PHI of which the Plan Sponsor becomes aware;

- The Plan Sponsor and the Plan will not Use genetic information for underwriting purposes. For example, underwriting purposes will include determining eligibility, coverage, or payment under the Plan, with the exception of determining medical appropriateness of a treatment;
- The Plan Sponsor will allow a Covered Person or this Plan to inspect and copy any PHI about the Covered Person contained in the Designated Record Set that is in the Plan Sponsor's custody or control. The HIPAA Privacy Regulations set forth the rules that the Covered Person and the Plan must follow and also sets forth exceptions;
- The Plan Sponsor will amend or correct, or make available to the Plan to amend or correct, any portion of the Covered Person's PHI contained in the Designated Record Set to the extent permitted or required under the HIPAA Privacy Regulations;
- The Plan Sponsor will keep a Disclosure log for certain types of Disclosures set forth in the HIPAA Regulations. Each Covered Person has the right to see the Disclosure log. The Plan Sponsor does not have to maintain a log if Disclosures are for certain Plan-related purposes such as Payment of benefits or Health Care Operations;
- The Plan Sponsor will make its internal practices, books, and records related to the Use and Disclosure of a Covered Person's PHI available to this Plan and to the Department of Health and Human Services or its designee for the purpose of determining this Plan's compliance with HIPAA;
- The Plan Sponsor must, if feasible, return to this Plan or destroy all of a Covered Person's PHI that the Plan Sponsor received from or on behalf of this Plan when the Plan Sponsor no longer needs the Covered Person's PHI to administer this Plan. This includes all copies in any form, including any compilations derived from the PHI. If return or destruction is not feasible, the Plan Sponsor agrees to restrict and limit further Uses and Disclosures to the purposes that make the return or destruction infeasible;
- The Plan Sponsor will provide that adequate separation exists between this Plan and the Plan Sponsor so that a Covered Person's PHI (including Electronic PHI) will be used only for the purpose of Plan administration; and
- The Plan Sponsor will use reasonable efforts to request only the minimum necessary type and amount of a Covered Person's PHI to carry out functions for which the information is requested.

The following Employees, classes of Employees, or other workforce members under the control of the Plan Sponsor may be given access to a Covered Person's PHI for Plan Administrative Functions that the Plan Sponsor performs on behalf of the Plan as set forth in this section:

Human Resources

This list includes every Employee, class of Employees or other workforce members under the control of the Plan Sponsor who may receive a Covered Person's PHI. If any of these Employees or workforce members Use or Disclose a Covered Person's PHI in violation of the terms set forth in this section, the Employees or workforce members will be subject to disciplinary action and sanctions, including the possibility of termination of employment. If the Plan Sponsor becomes aware of any such violation, the Plan Sponsor will promptly report the violation to this Plan and will cooperate with the Plan to correct the violation, to impose the appropriate sanctions, and to mitigate any harmful effects to the Covered Person.

GLOSSARY OF TERMS

ABA / IBI / Autism Spectrum Disorder Therapy means intensive behavioral therapy programs used to treat Autism Spectrum Disorder. These programs are often referred to as Intensive Behavioral Intervention (IBI), Early Intensive Behavioral Intervention (EIBI), or Applied Behavior Analysis (ABA). These interventions aim to reduce problem behaviors and develop alternative behaviors and skills in those with Autism Spectrum Disorder. In a typical therapy session, the Child is directed to perform an action. Successful performance of the task is rewarded with a positive reinforcer, while noncompliance or no response receives a neutral reaction from the therapist. For Children with maladaptive behaviors, plans are created to utilize the use of reinforcers to decrease problem behavior and increase more appropriate responses. Although once a component of the original Lovaas methodology, aversive consequences are no longer used. Parental involvement is considered essential to long-term treatment success; parents are taught to continue behavioral modification training when the Child is at home, and may sometimes act as the primary therapist.

Accident means an unexpected, unforeseen, and unintended event that causes bodily harm or damage to the body.

Activities of Daily Living (ADL) means the following, with or without assistance: bathing, dressing, toileting, and associated personal hygiene; transferring (moving in or out of a bed, chair, wheelchair, tub, or shower); mobility; eating (getting nourishment into the body by any means other than intravenous); and continence (voluntarily maintaining control of bowel and/or bladder function, or, in the event of incontinence, maintaining a reasonable level of personal hygiene).
